

WRIA 48 Map Appendices

Map Appendix A: Fish Distribution Maps for the Methow Watershed, WRIA 48

Map Appendix A: 1 Spring Chinook Salmon Distribution in the Methow Watershed, WRIA 48.....	2
Map Appendix A: 2 Summer Chinook Salmon Distribution in the Methow Watershed, WRIA 48	3
Map Appendix A: 3 Steelhead/Rainbow Trout Distribution in the Methow Watershed, WRIA 48	4
Map Appendix A: 4 Bull Trout Distribution in the Methow Watershed, WRIA 48.....	5

Map Appendix B: Side Channels of the Methow, Chewuch, and Twisp Rivers

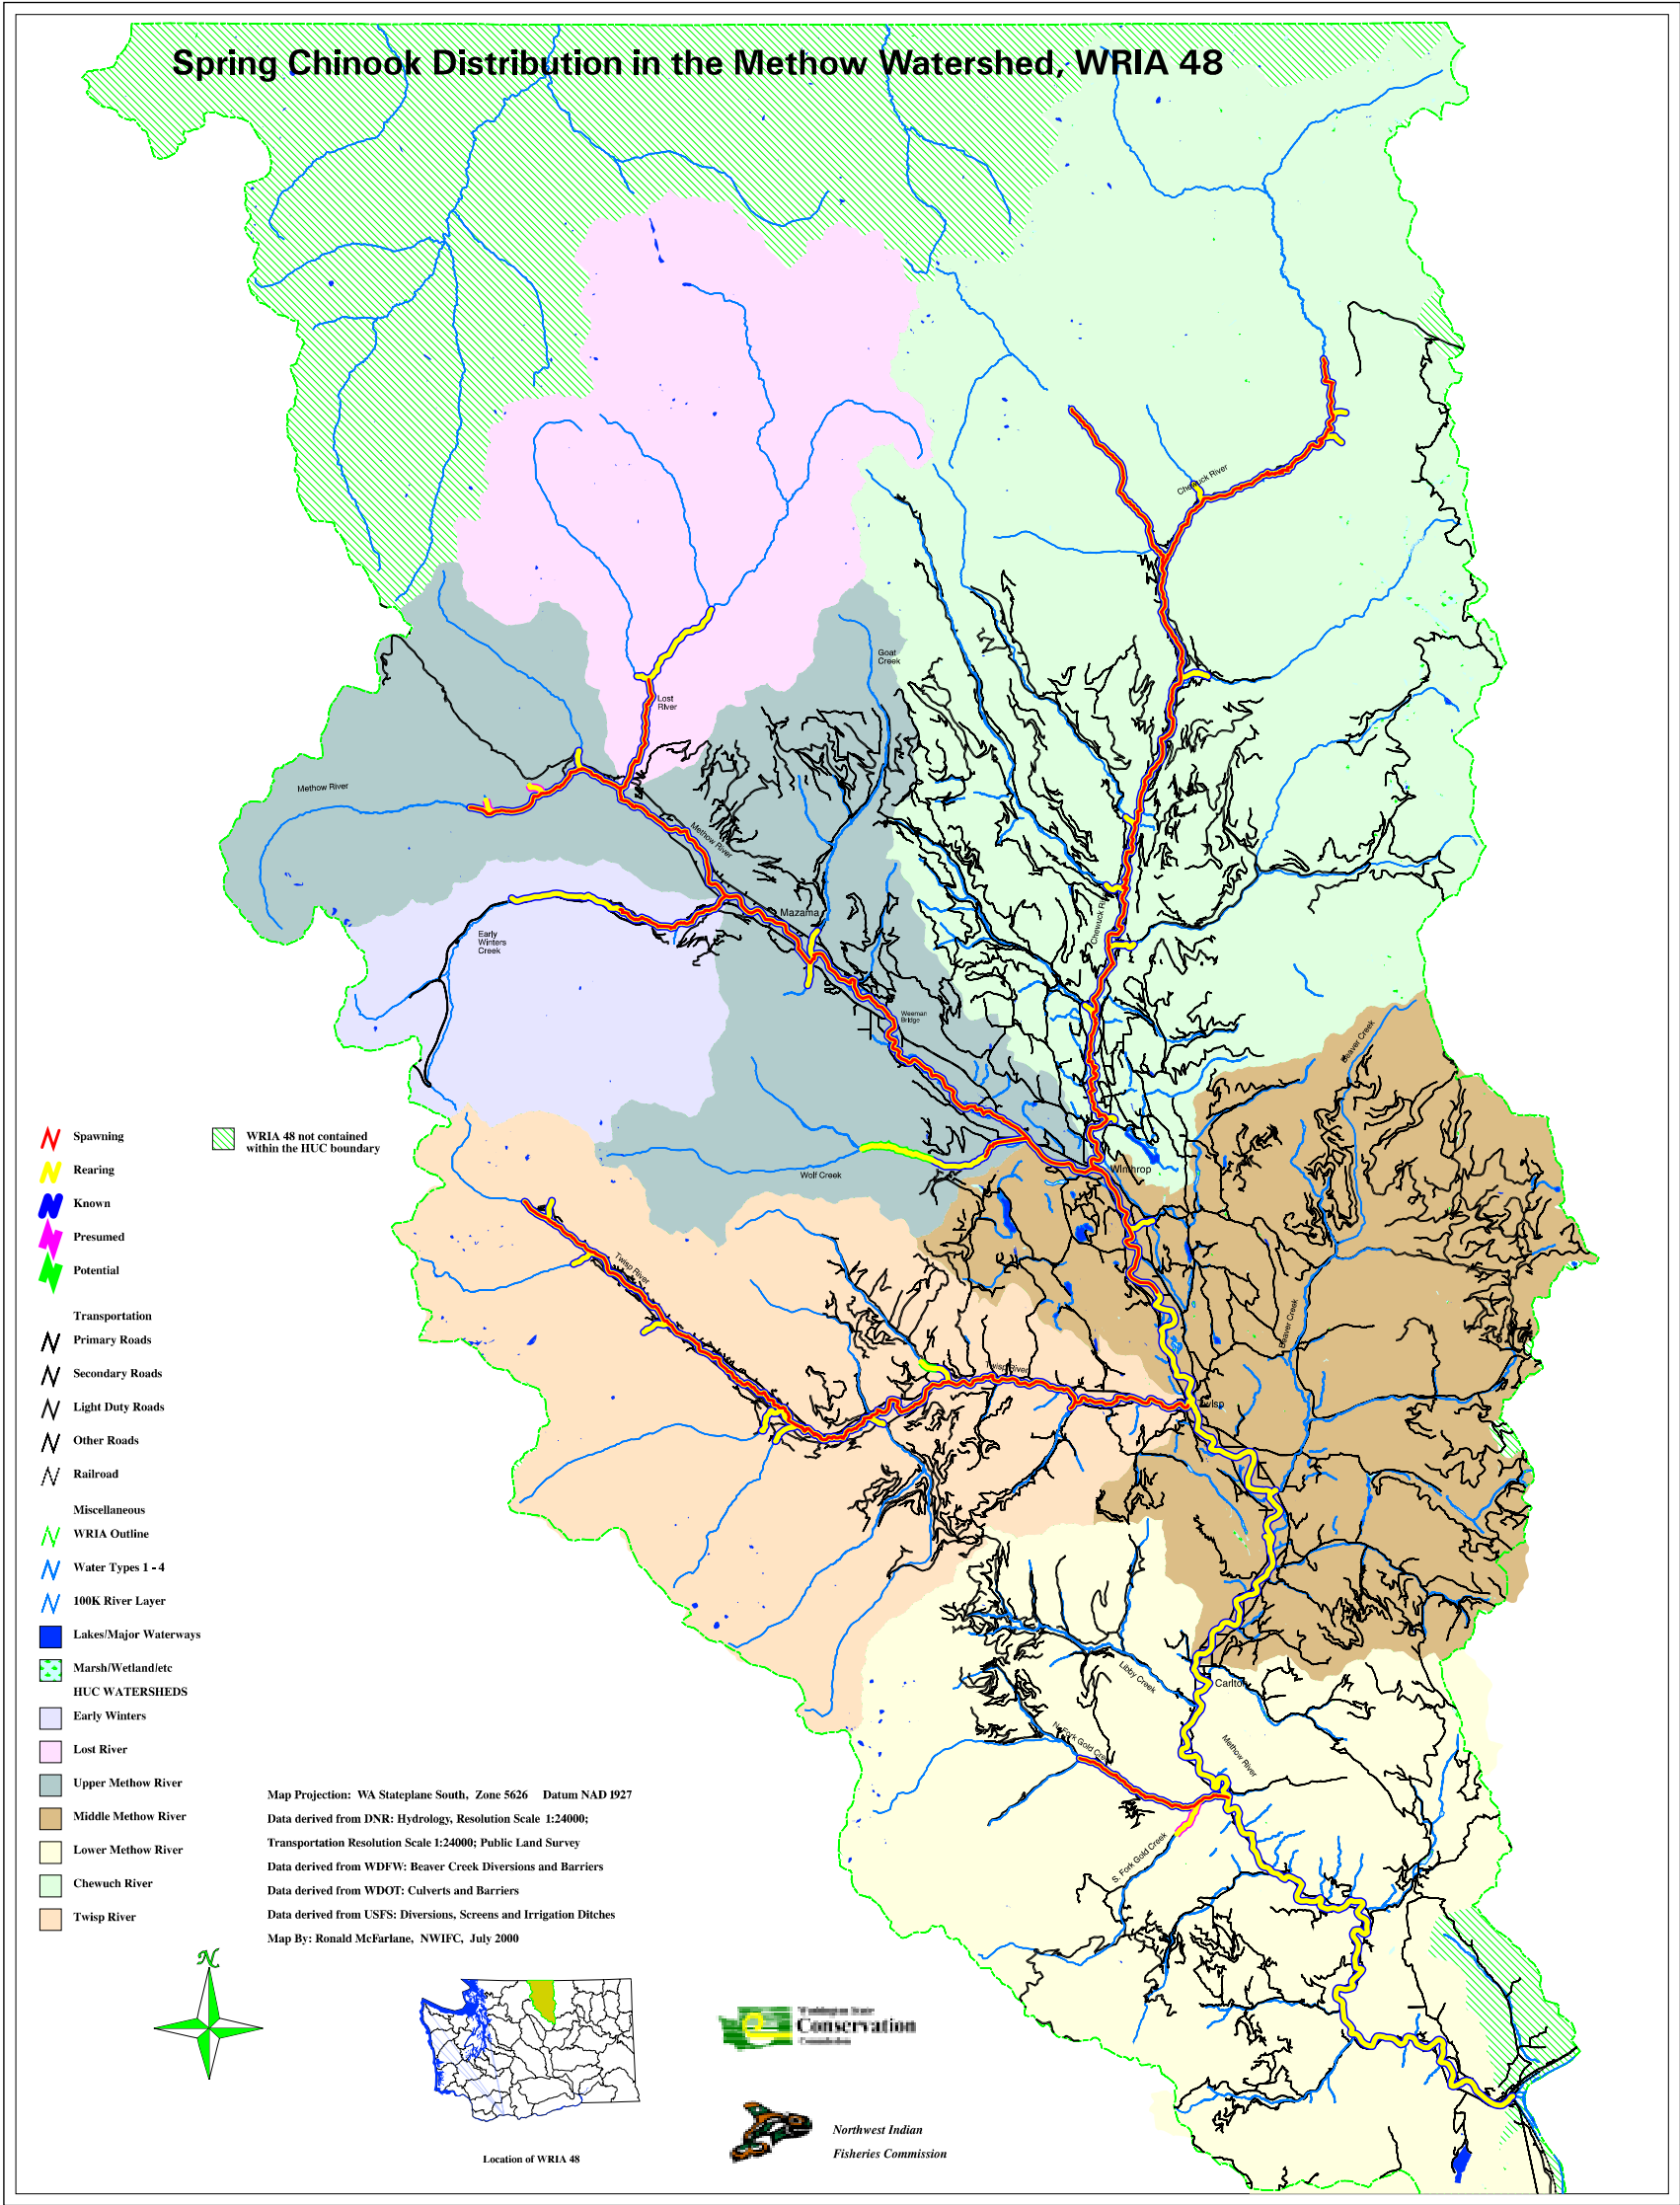

Map Appendix B:1 The Methow River from the Vicinity of the Lost River Confluence Downstream to Goat Creek	6
Map Appendix B: 2 The Methow River from the Vicinity of Goat Creek to the Vicinity of the Big Valley Ranch	7
Map Appendix B: 3 The Chewuch River in the Vicinity of the Eight Mile Creek Confluence.....	8
Map Appendix B: 4 The Methow River from the Vicinity of the Riverbend RV Park Downstream to the Vicinity of the South End of the Town of Twisp & the Twisp River from the Vicinity of Poorman Creek Downstream to the Confluence	9
Map Appendix B: 5 The Twisp River from the Buttermilk Creek Confluence Upstream to the Vicinity of the Lime Creek Confluence.....	10
Map Appendix B: 6 The Lower Methow River from the Vicinity of Beaver Creek Downstream to Alder Creek	11

Map Appendix C: Fish Passage Barriers Maps for the Methow Watershed

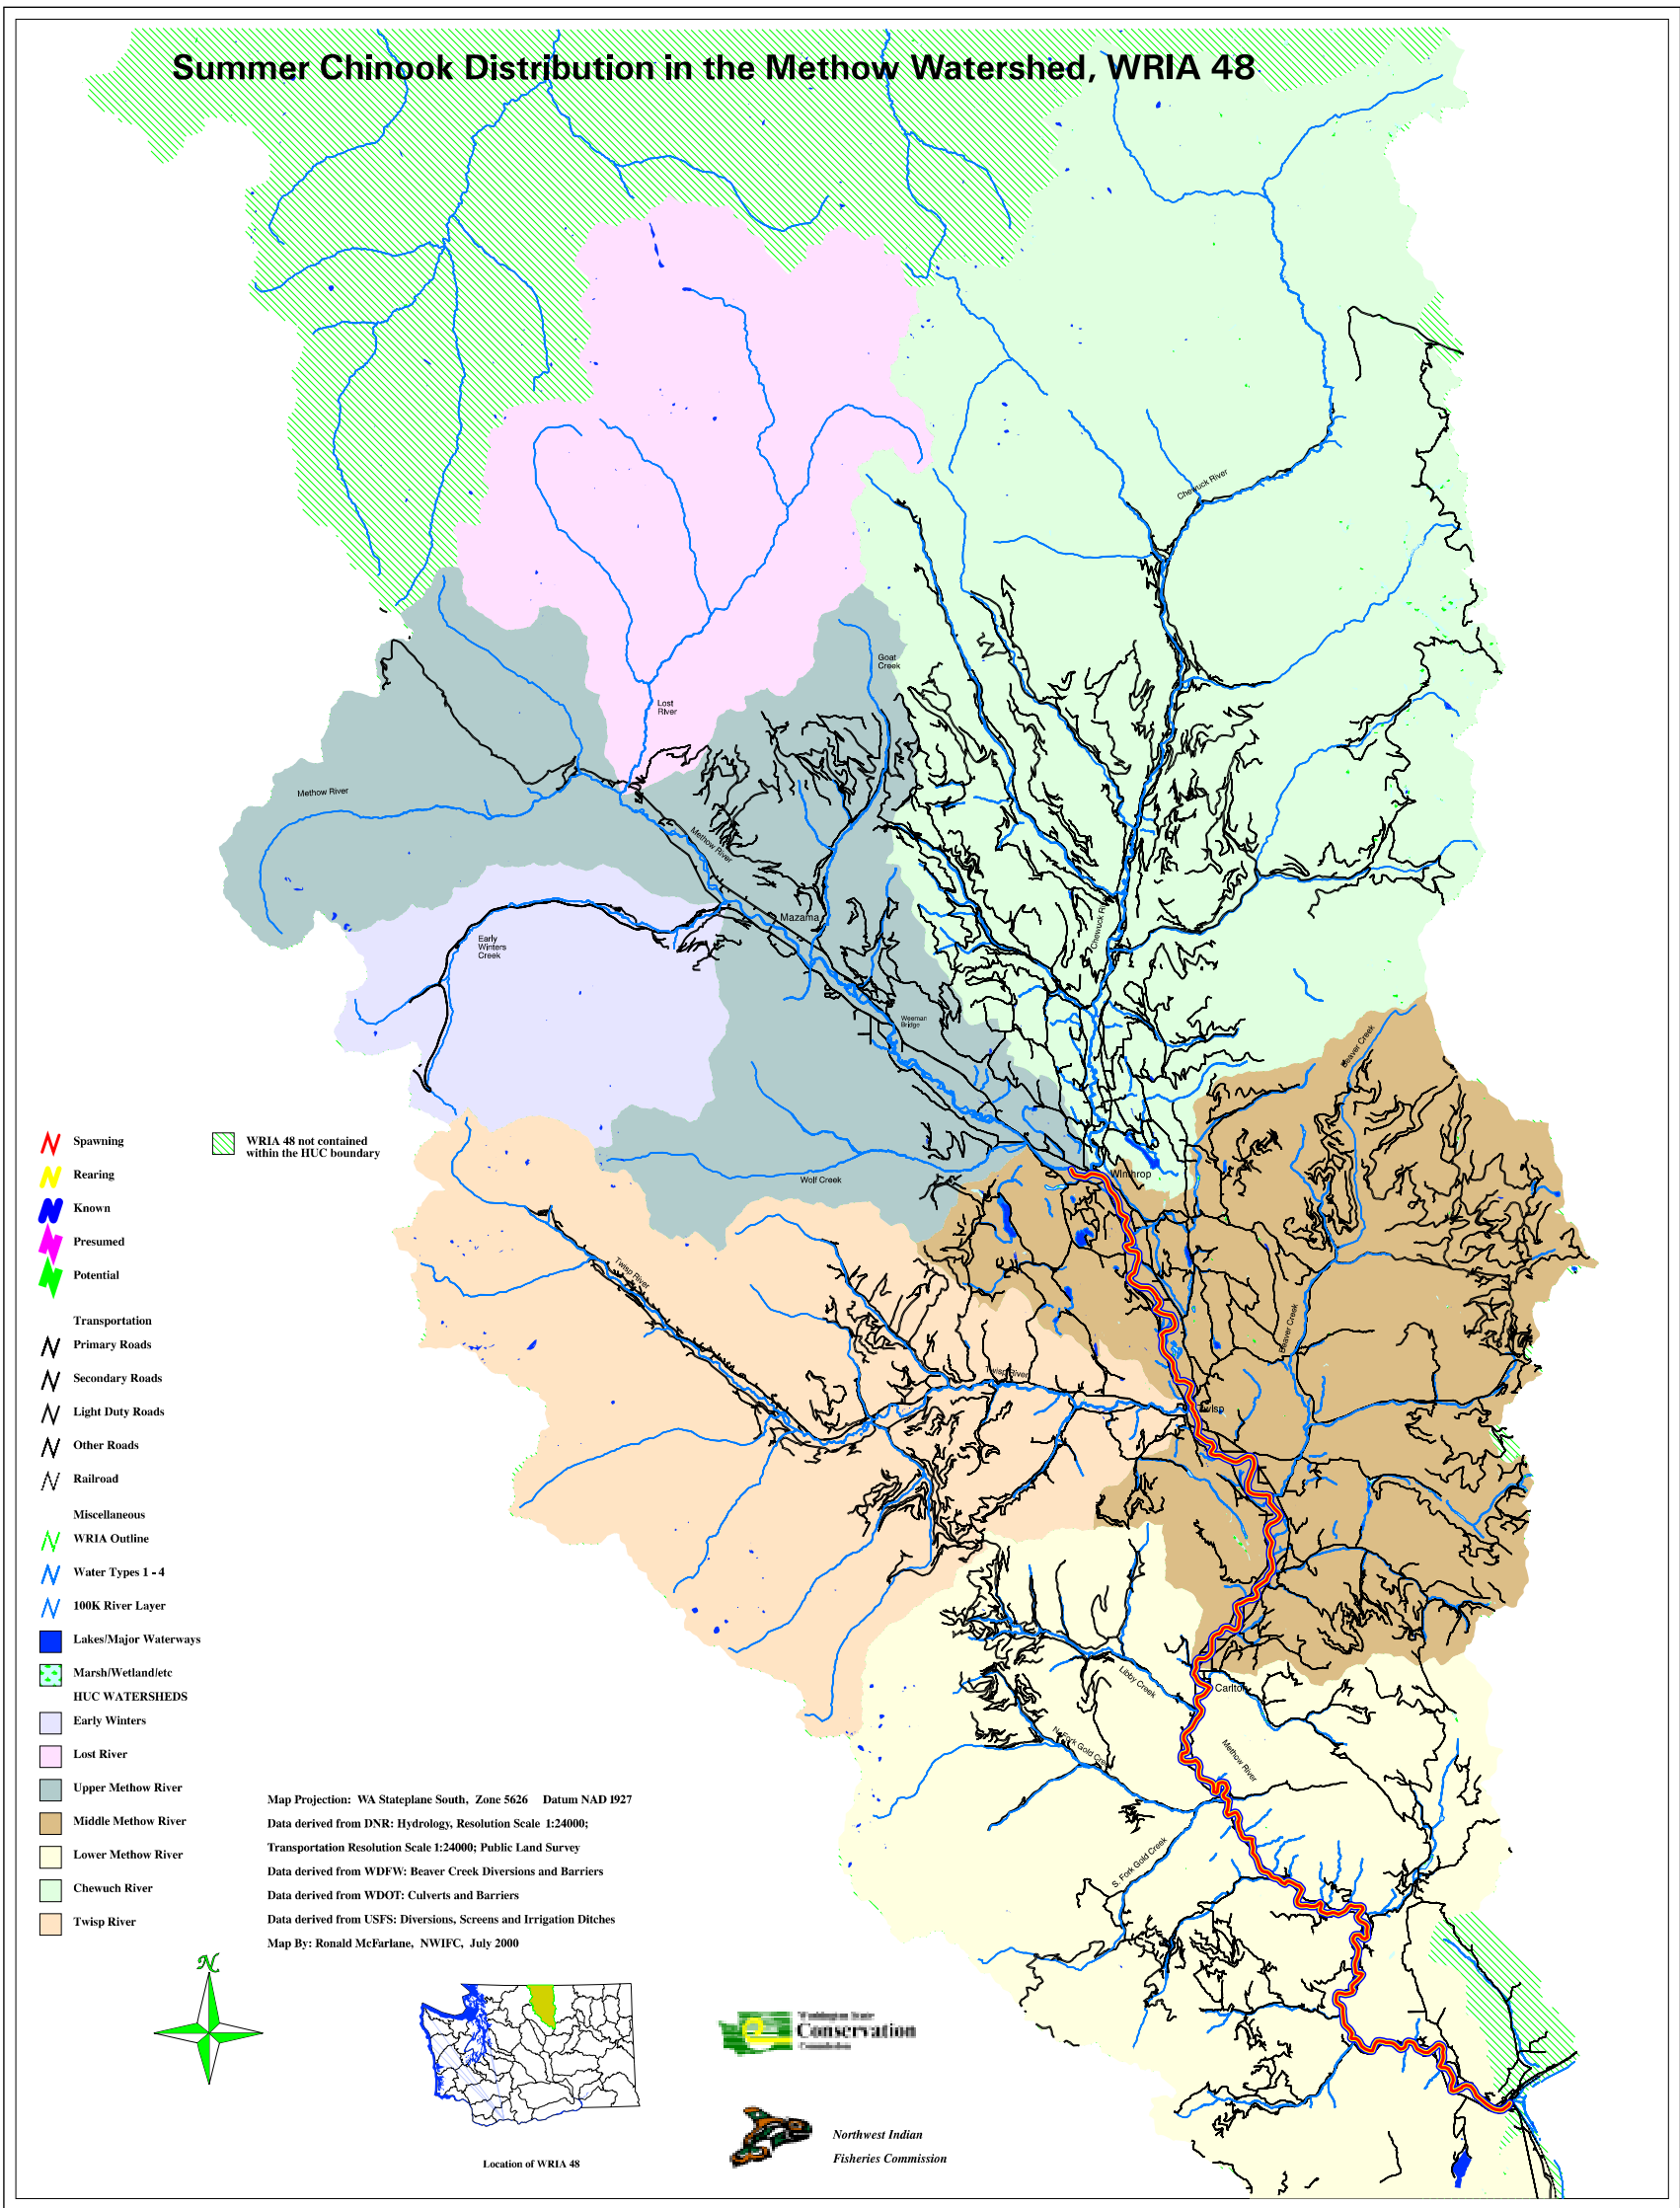

Map Appendix C: 1 Fish Passage Barriers in the Methow Watershed, WRIA 48.....	12
Map Appendix C: 2 Fish Passage Barriers in the Beaver Creek Drainage of the Methow Watershed, WRIA 48	13

Map Appendix D: 1 Known Irrigation Ditches, Water Diversions and Fish Screens in the Methow Watershed, WRIA 48	14
-----------------------------------------------------------------------------------------------------------------------------	-----------

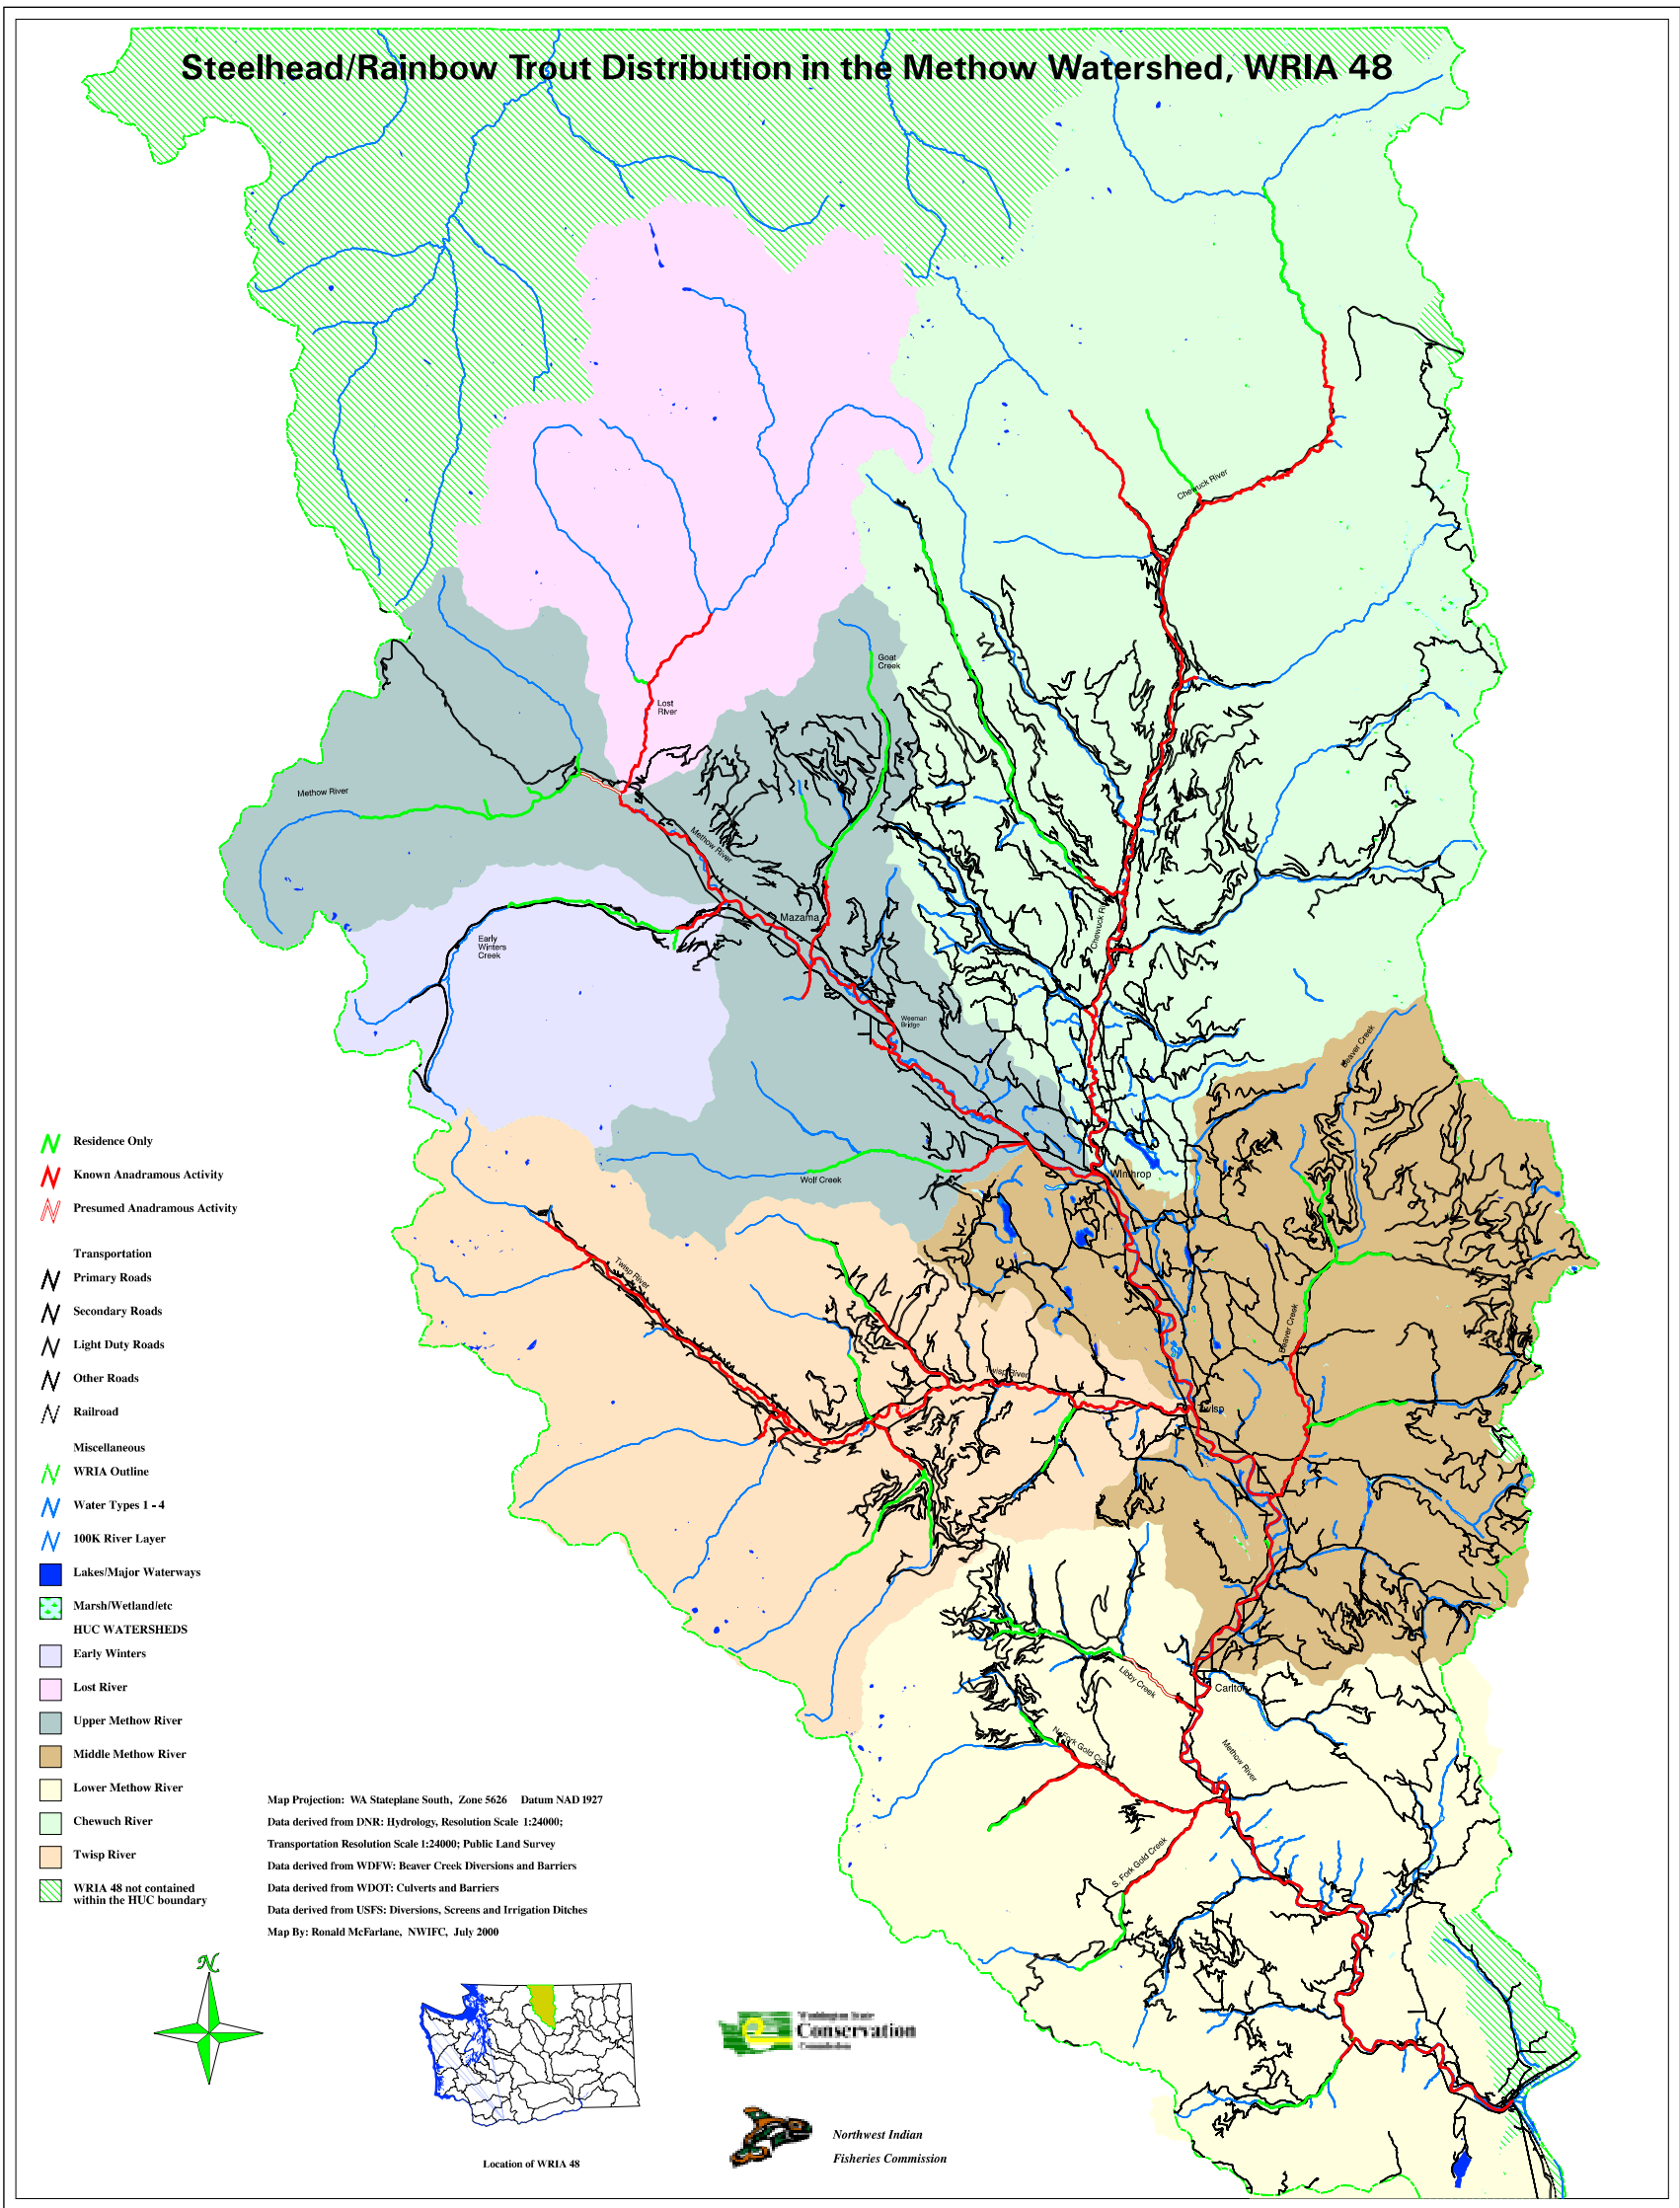

Map Appendix A: 1 Spring Chinook Salmon Distribution in the Methow Watershed, WRIA 48

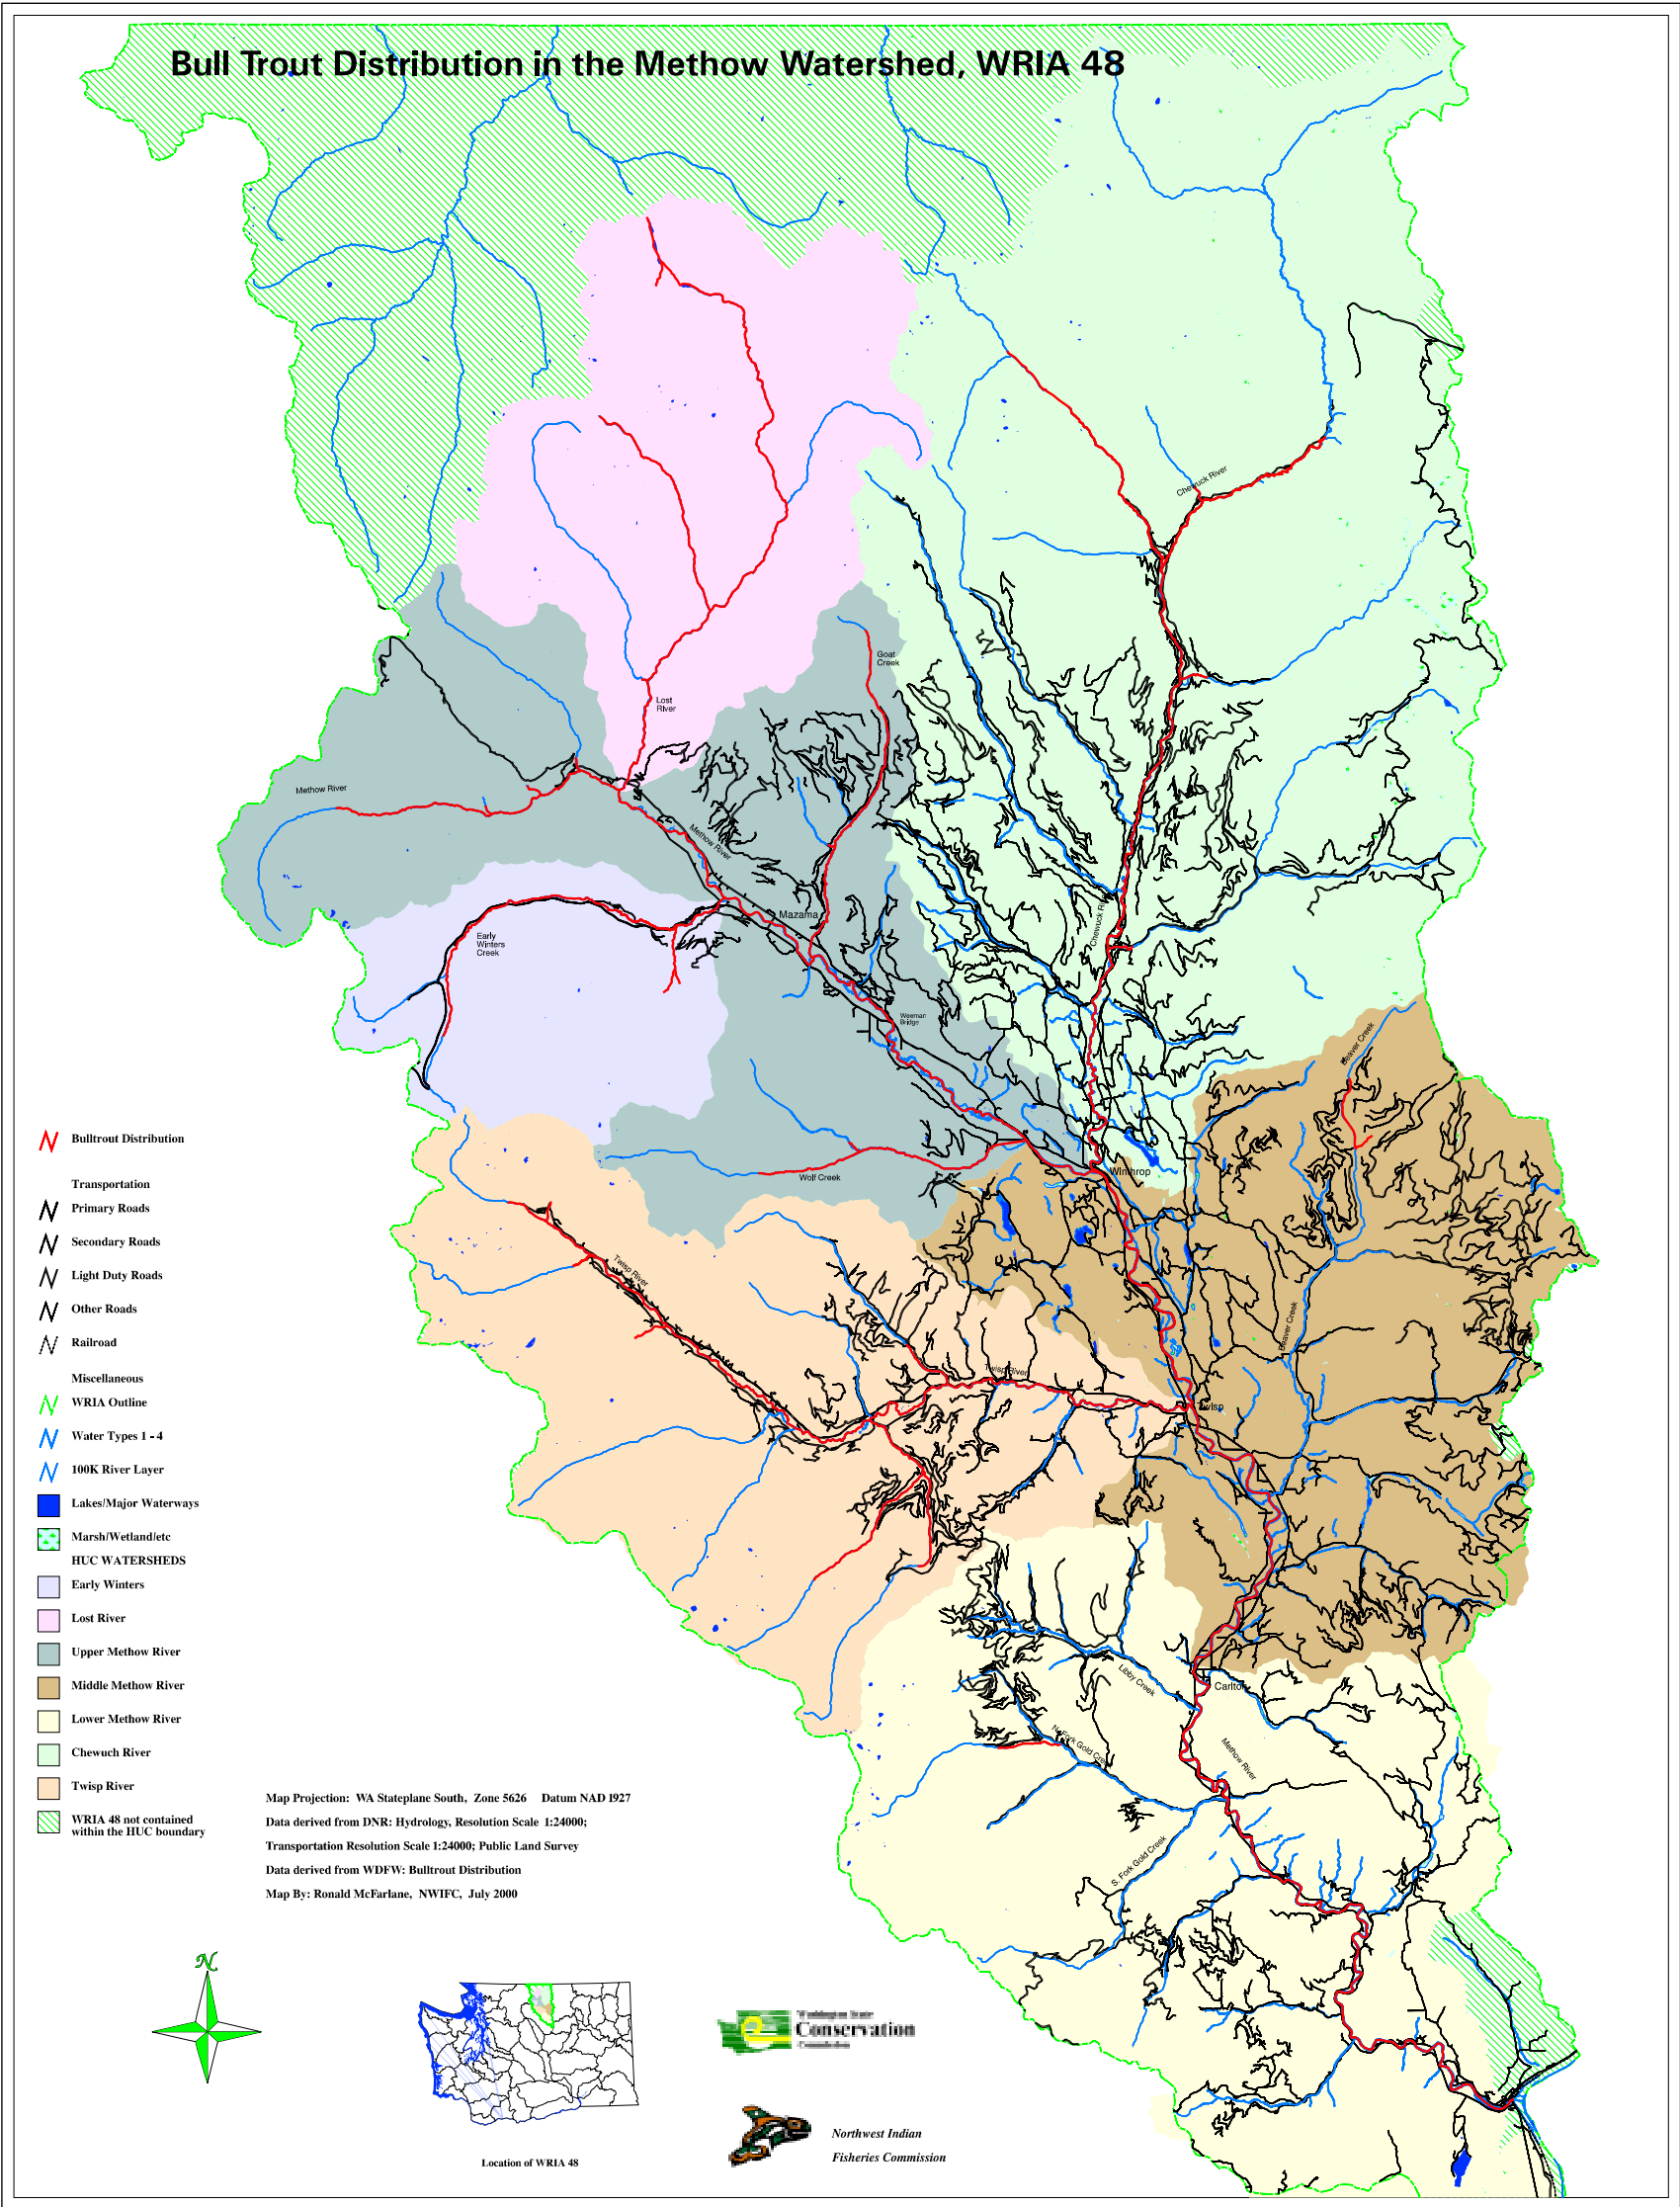

Map Appendix A: 2 Summer Chinook Salmon Distribution in the Methow Watershed, WRIA 48

Map Appendix A: 3 Steelhead/Rainbow Trout Distribution in the Methow Watershed, WRIA 48

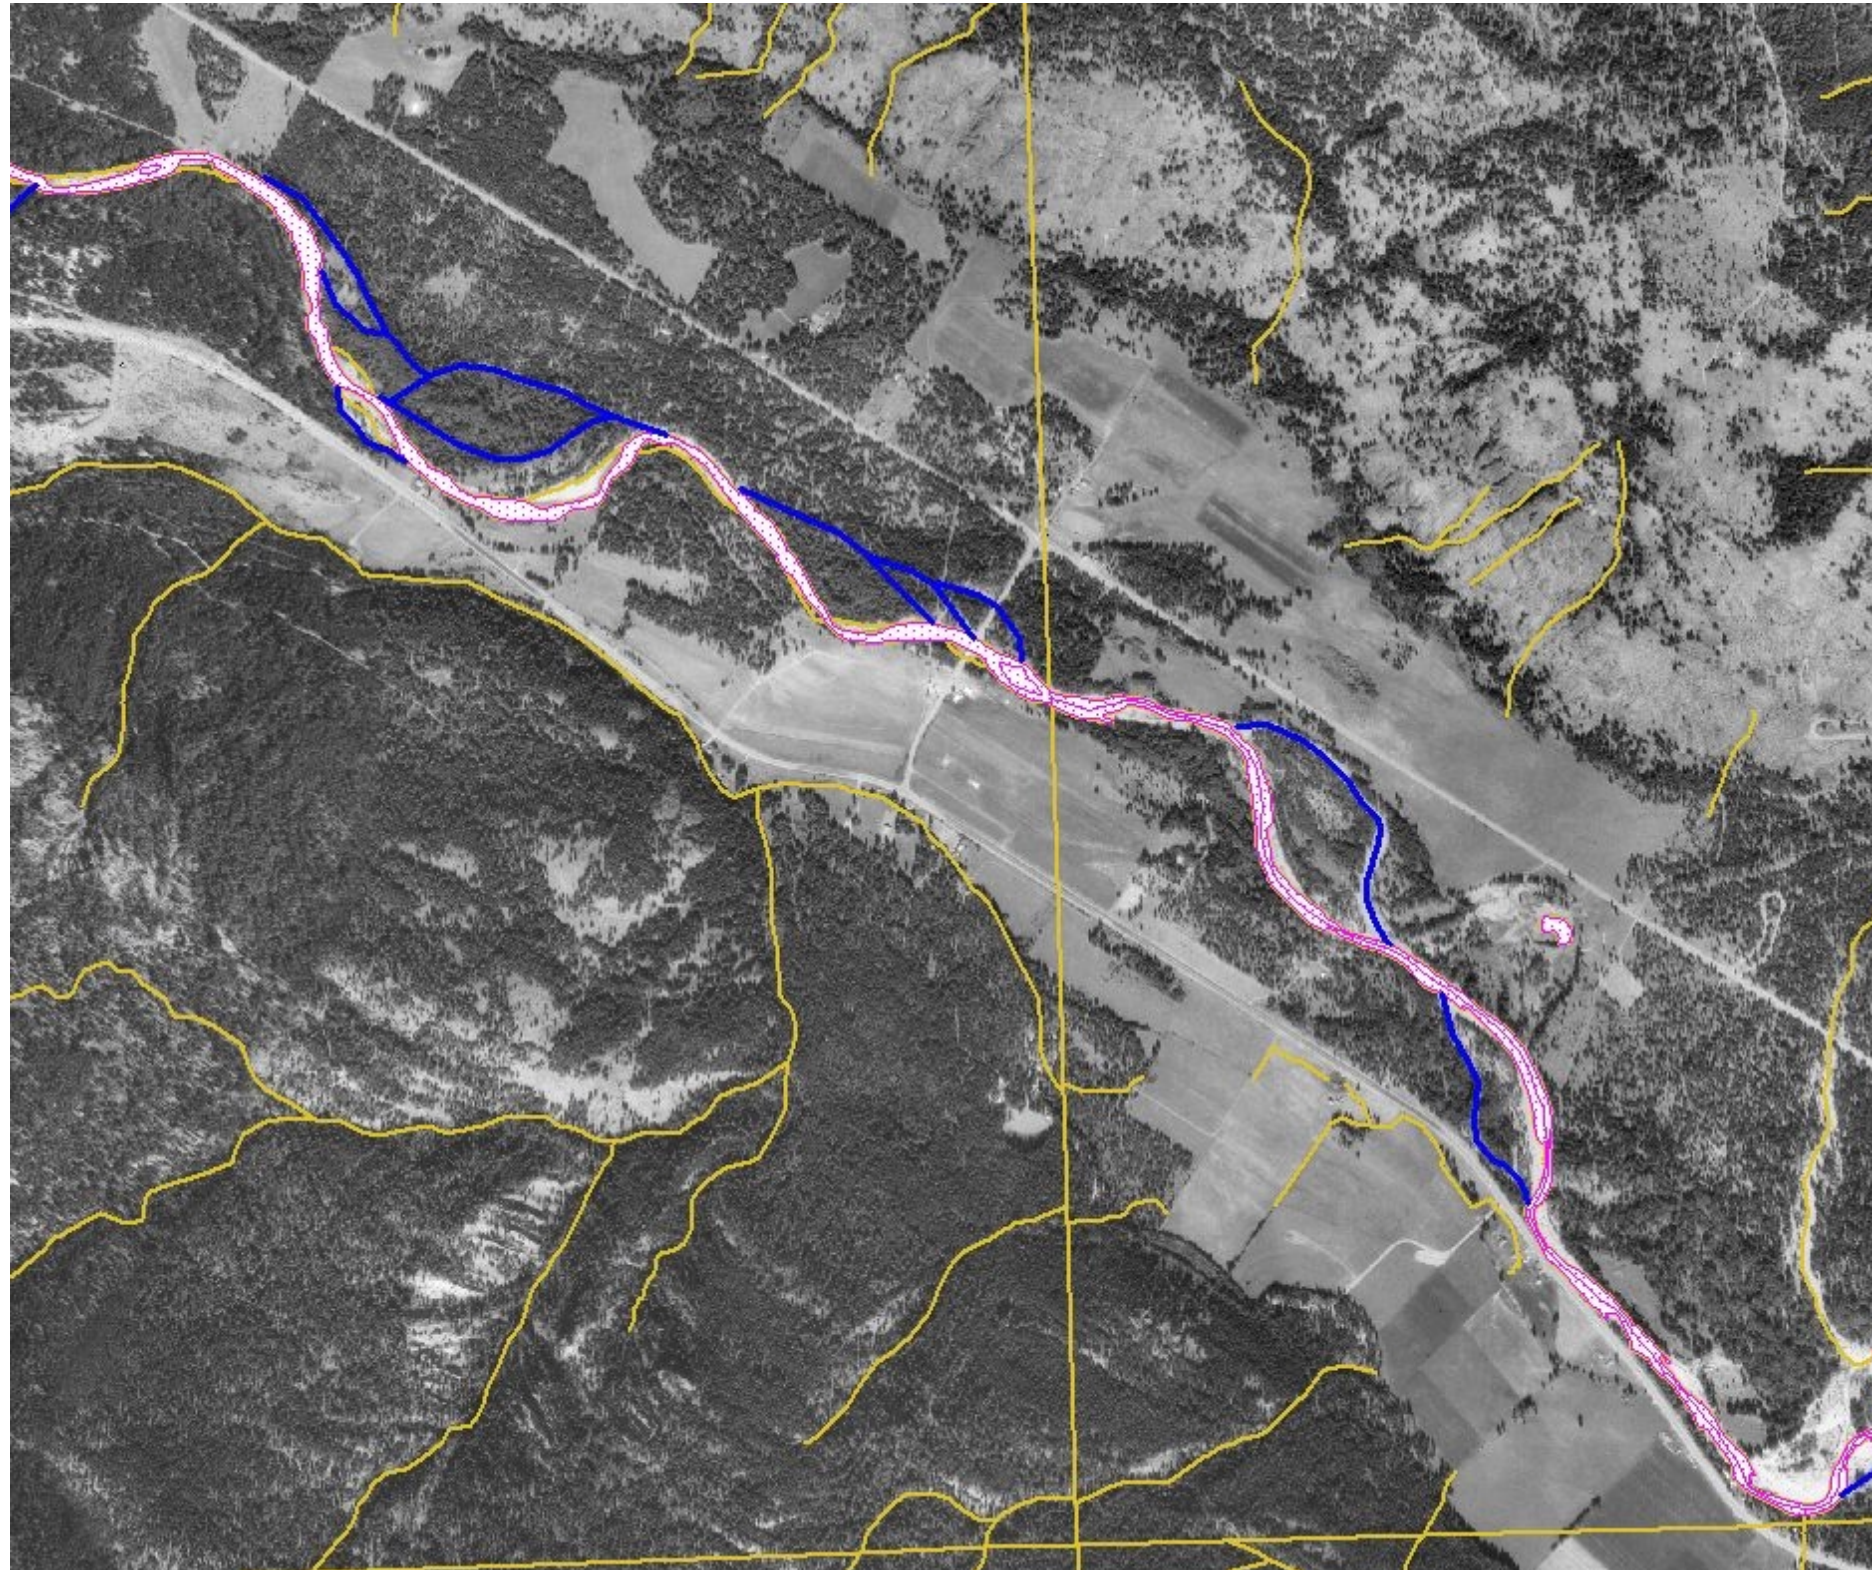

Map Appendix A: 4 Bull Trout Distribution in the Methow Watershed, WRIA 48

Map Appendix B: Side Channels of the Methow, Chewuch and Twisp Rivers

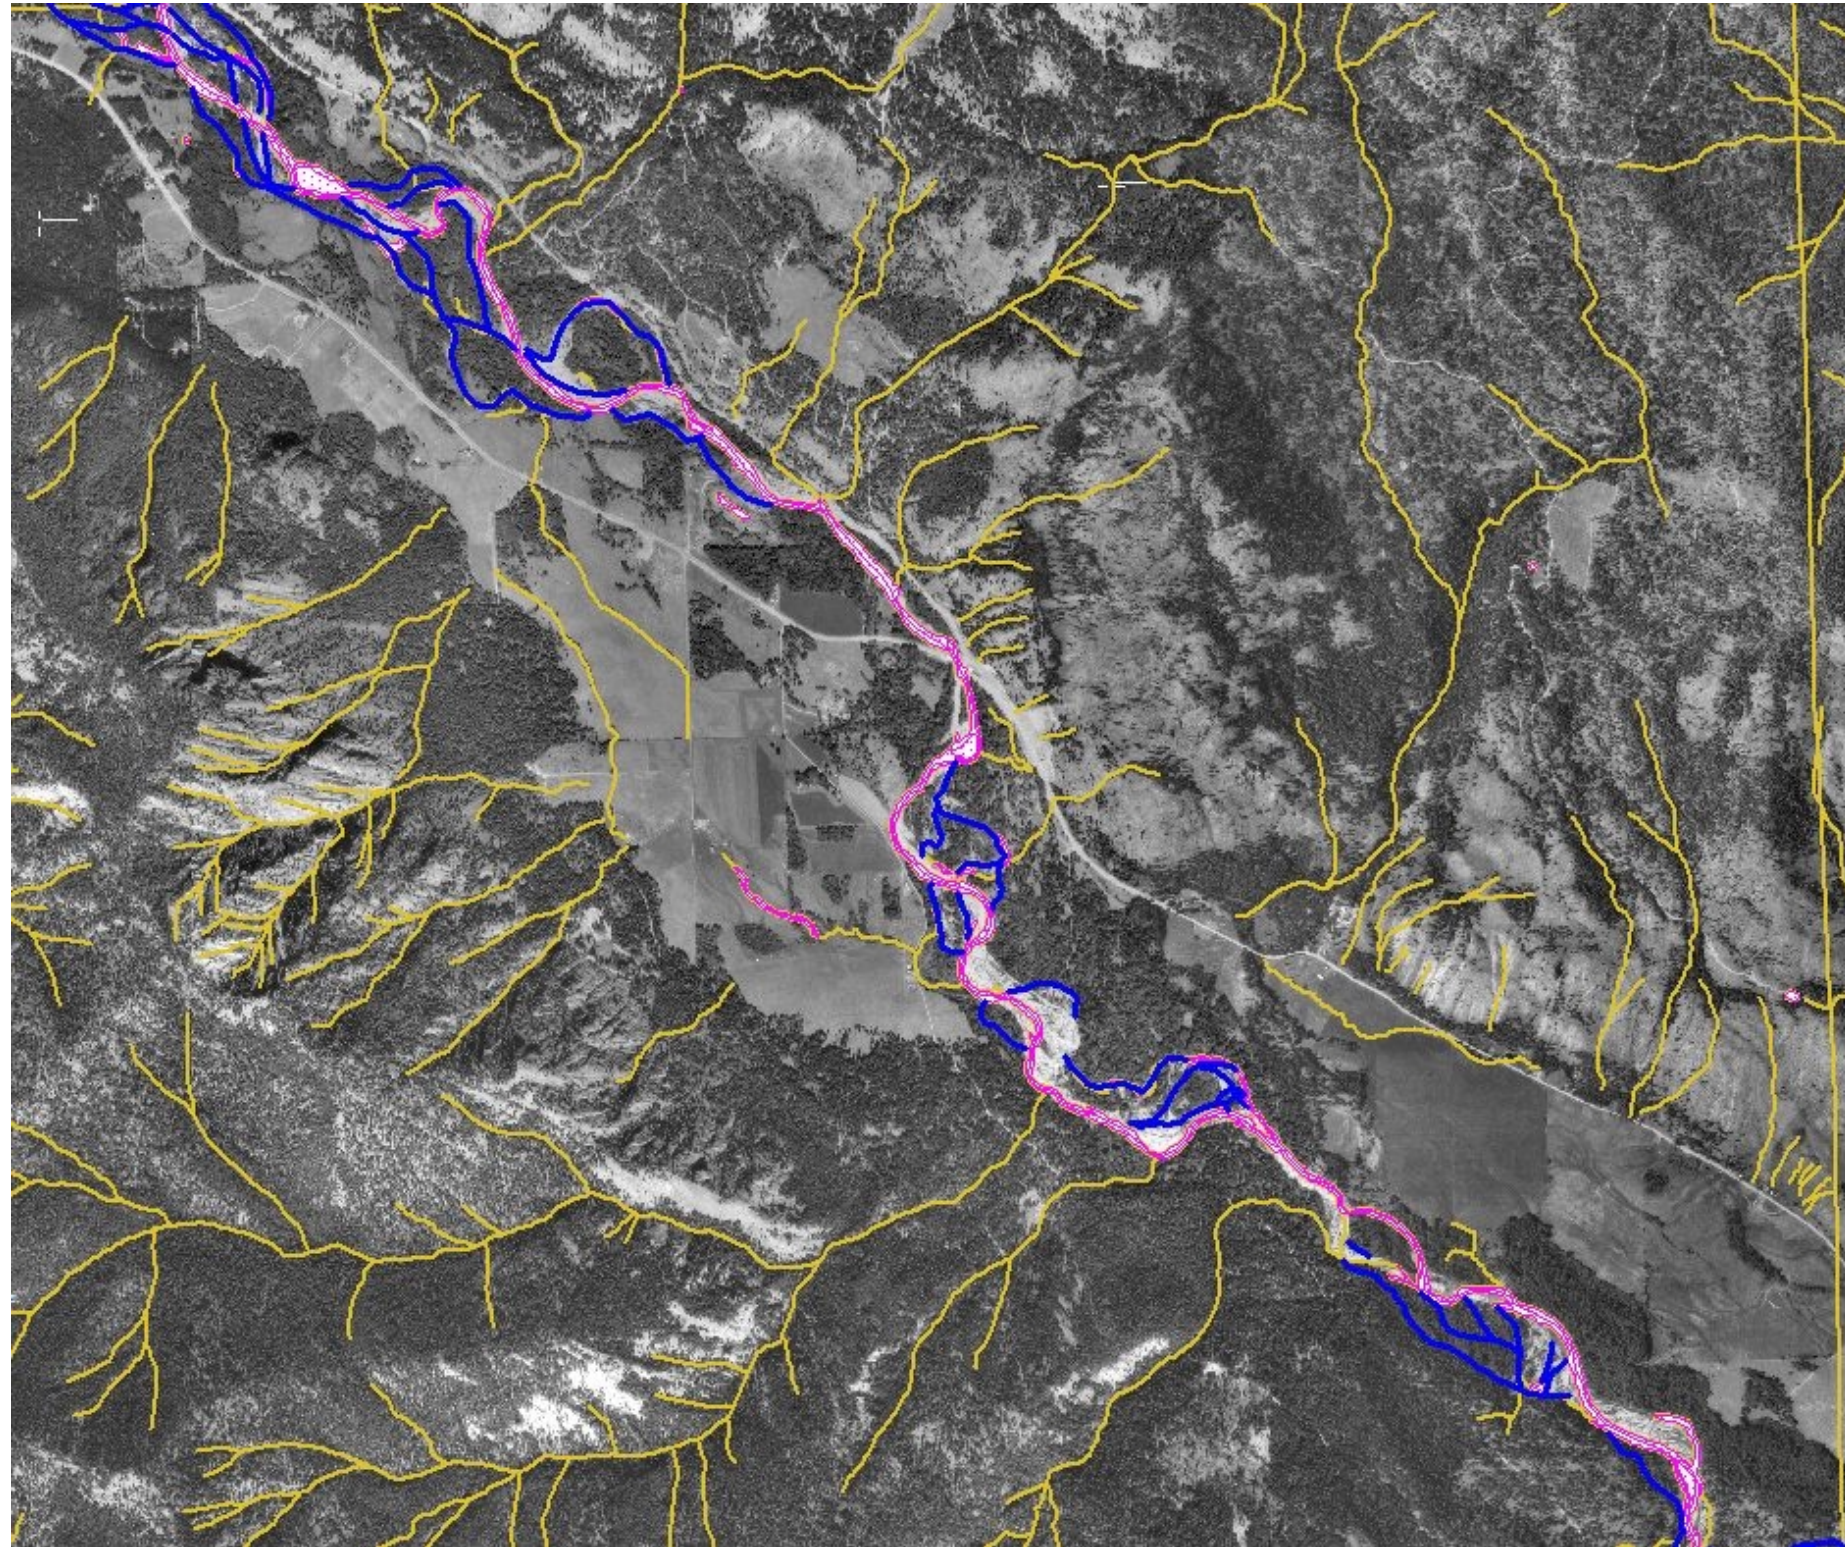

Map Appendix B:1 The Methow River from the Vicinity of the Lost River Confluence Downstream to Goat Creek

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

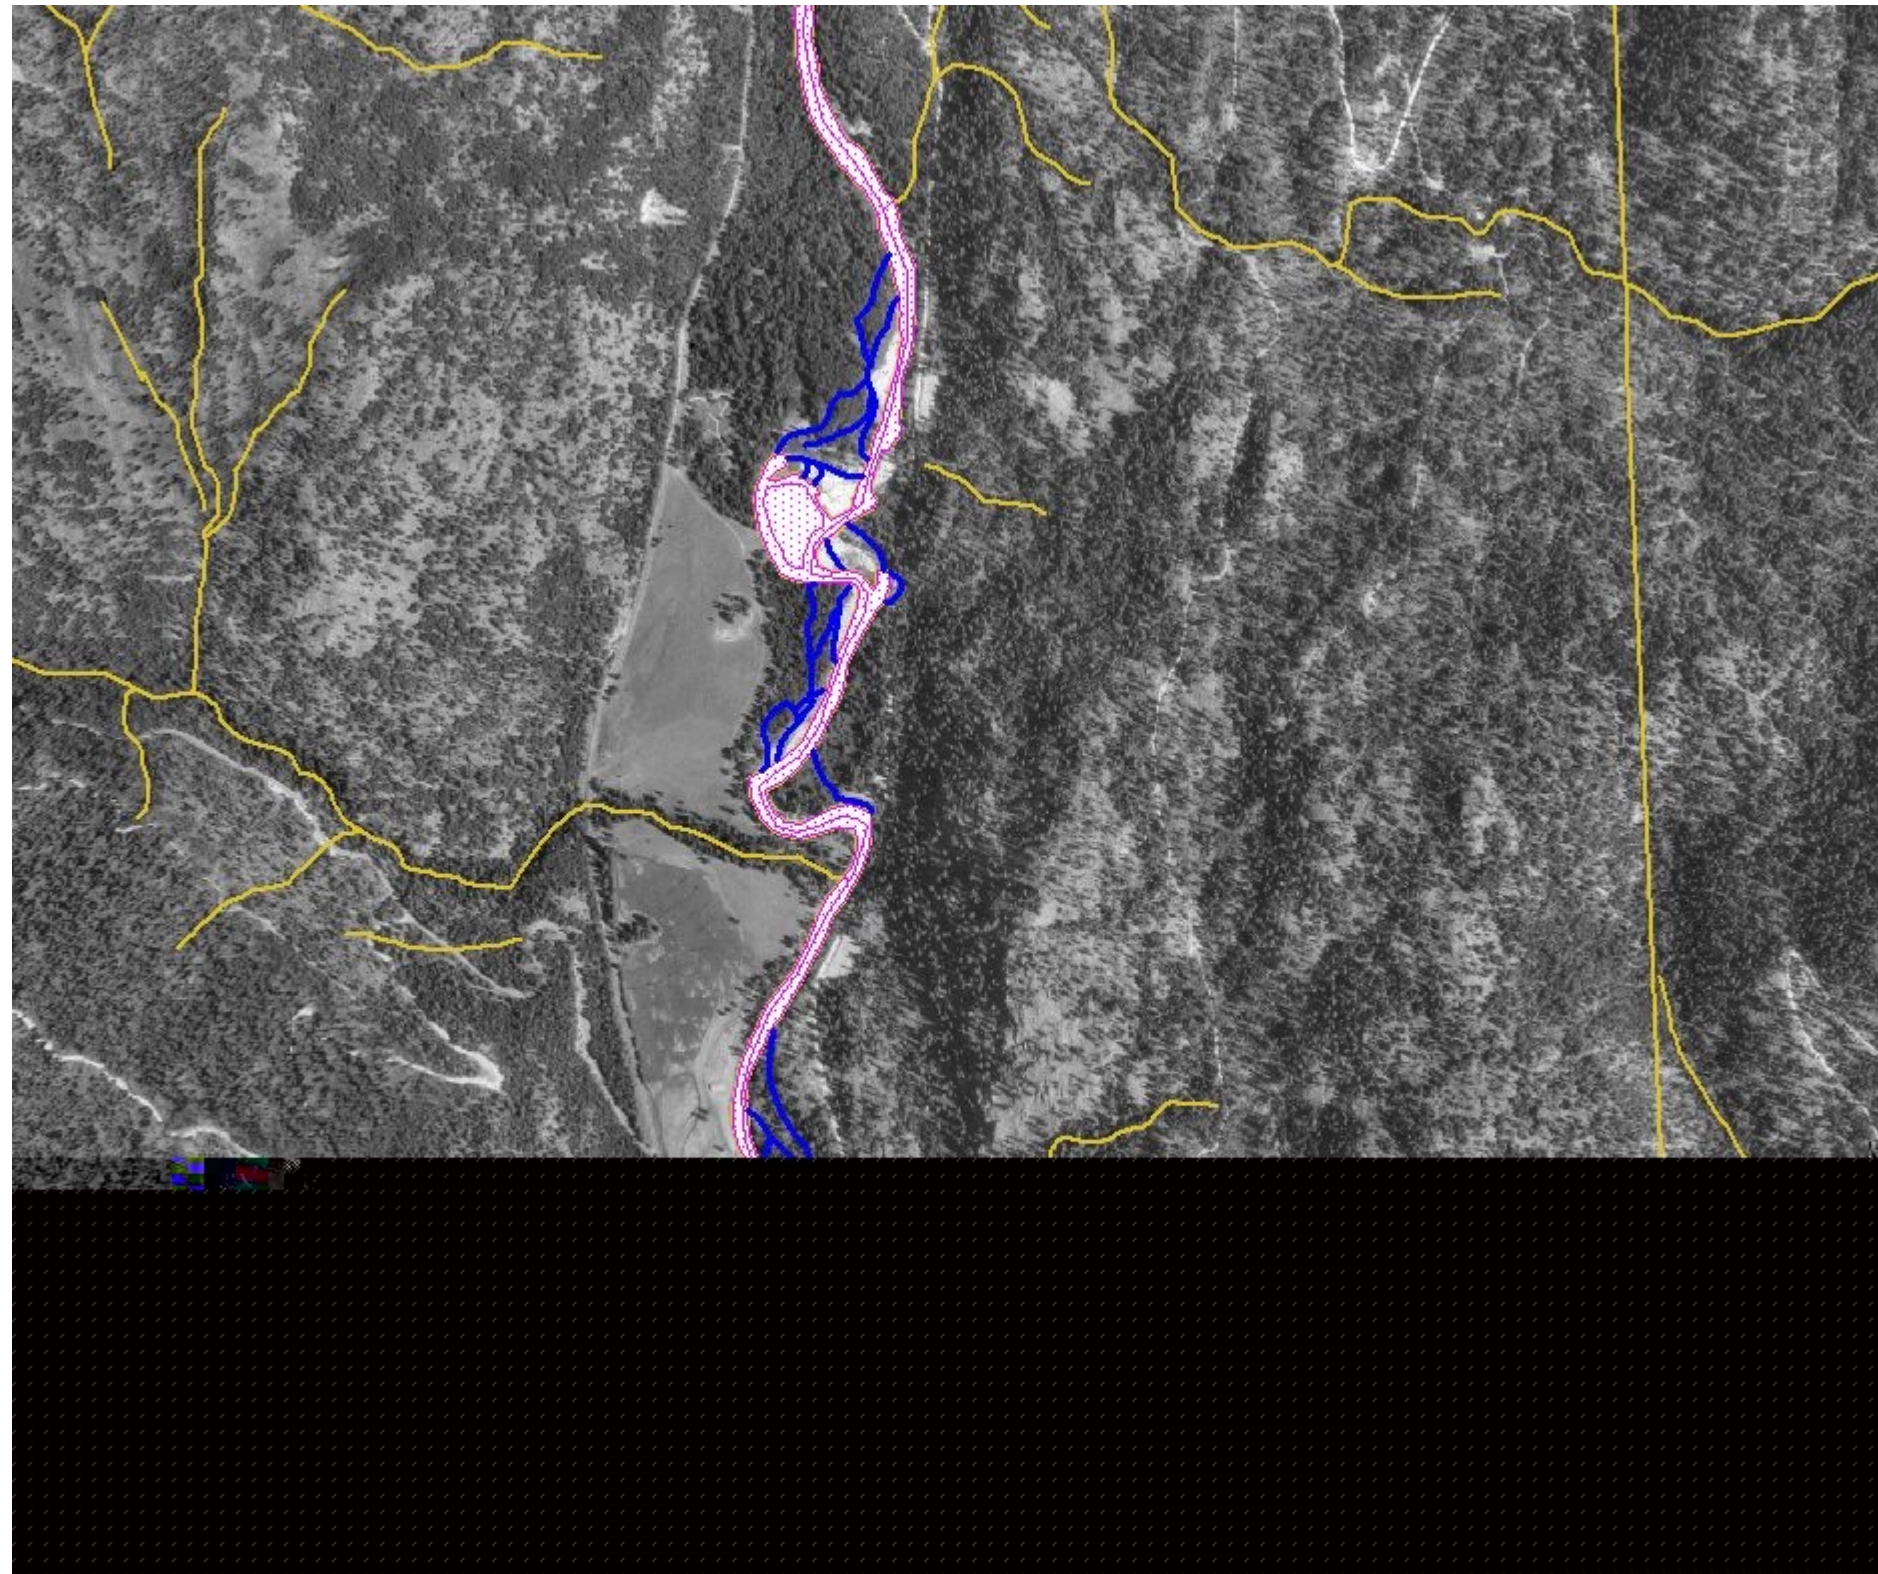

Map Appendix B: Side Channels of the Methow, Chewuch and Twisp Rivers

Map Appendix B: 2 The Methow River from the Vicinity of Goat Creek to the Vicinity of the Big Valley Ranch

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

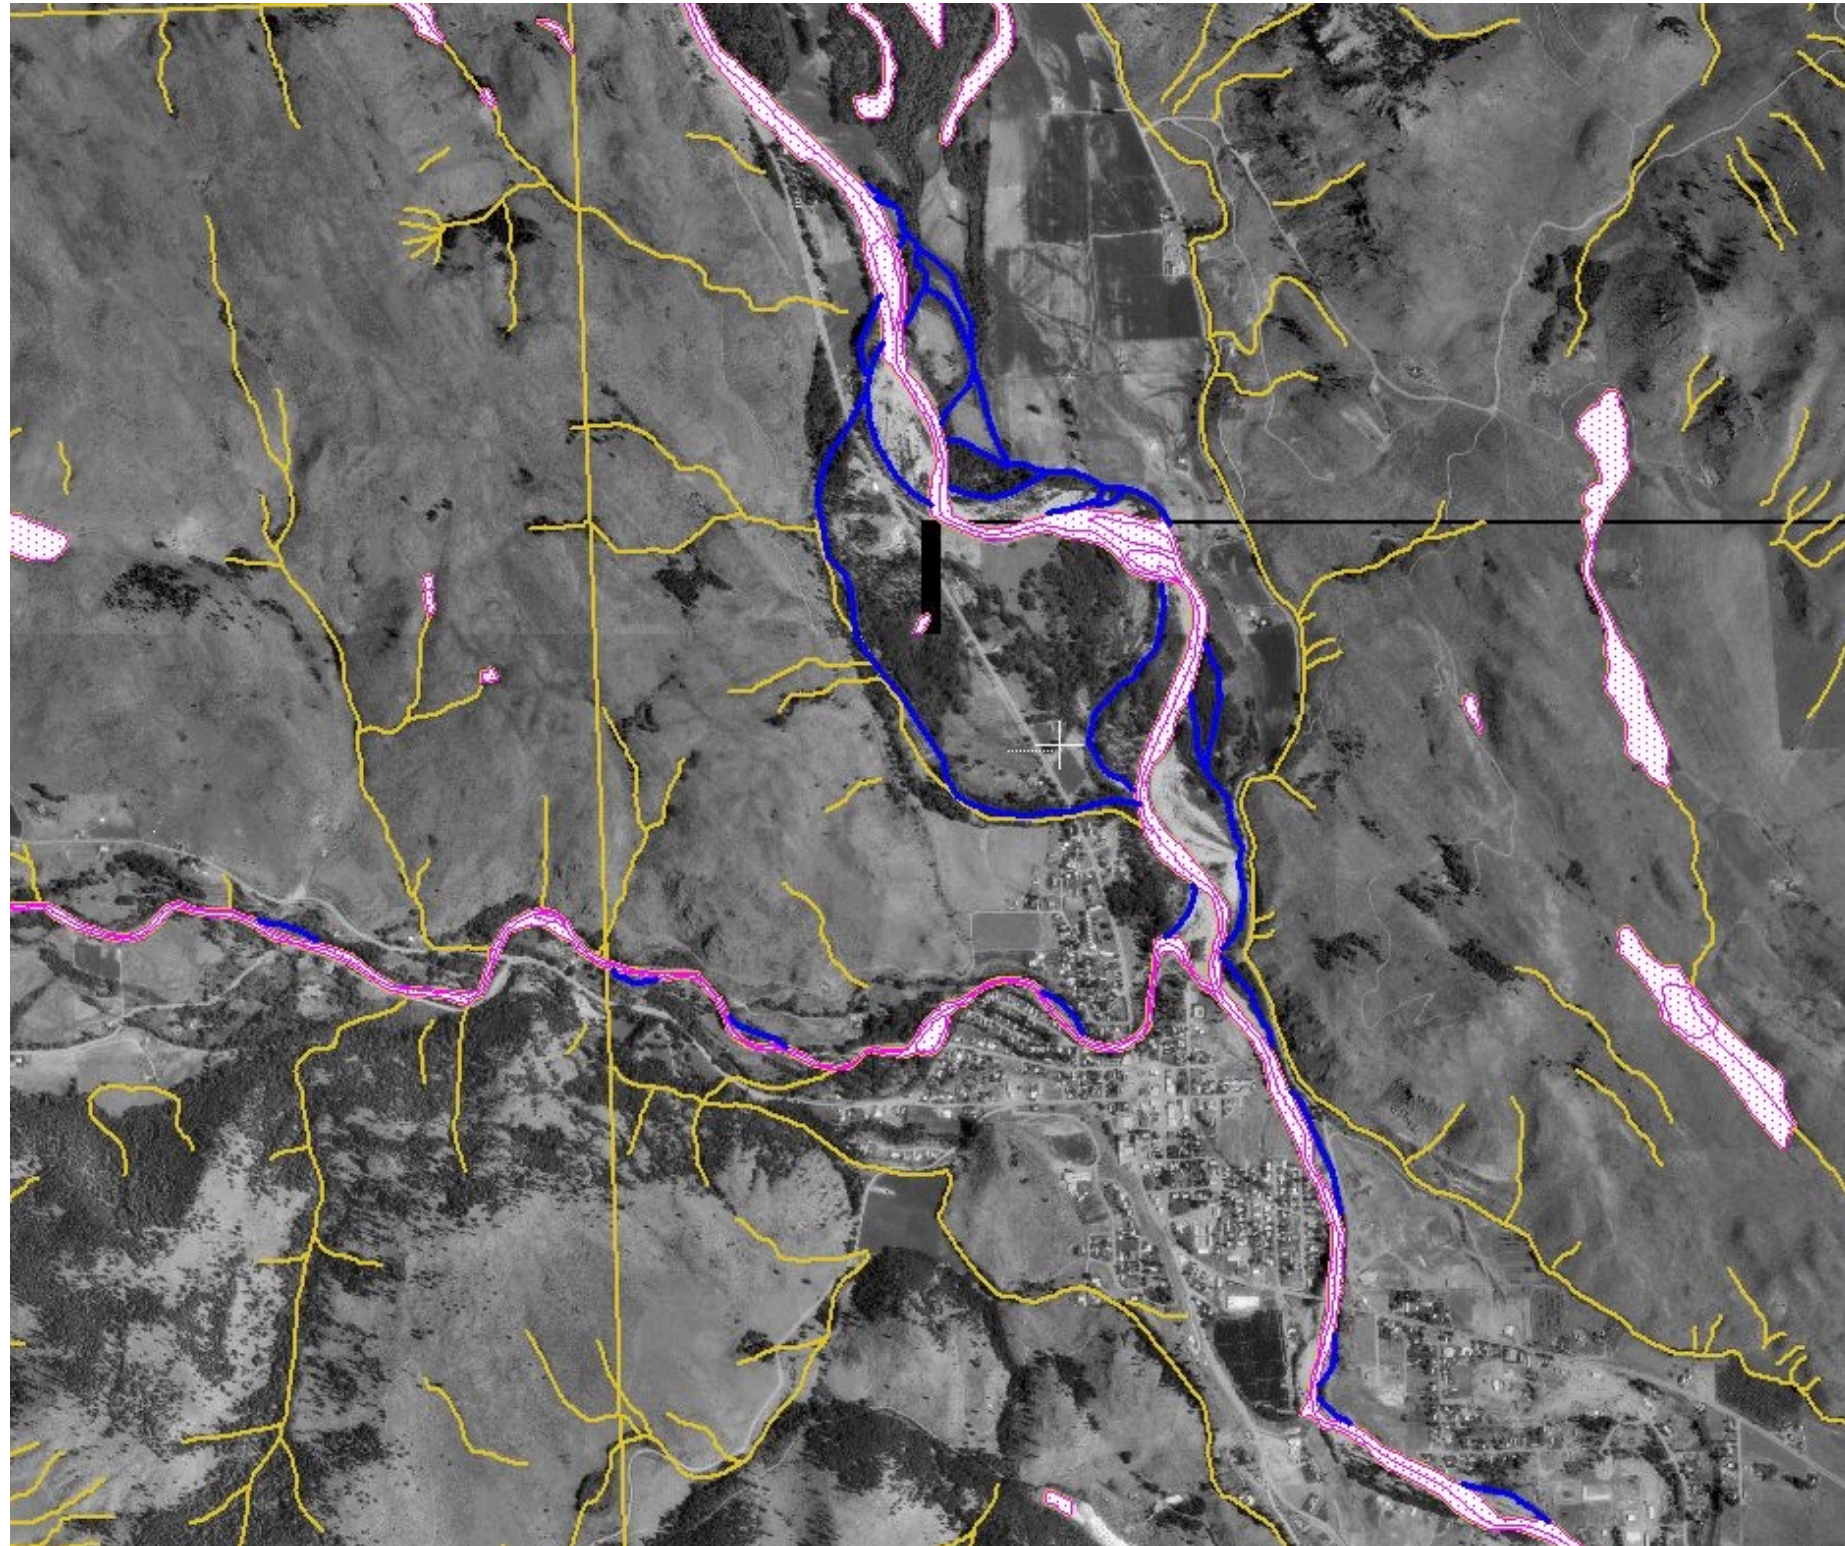

Map Appendix B: 3 The Chewuch River in the Vicinity of the Eight Mile Creek Confluence

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

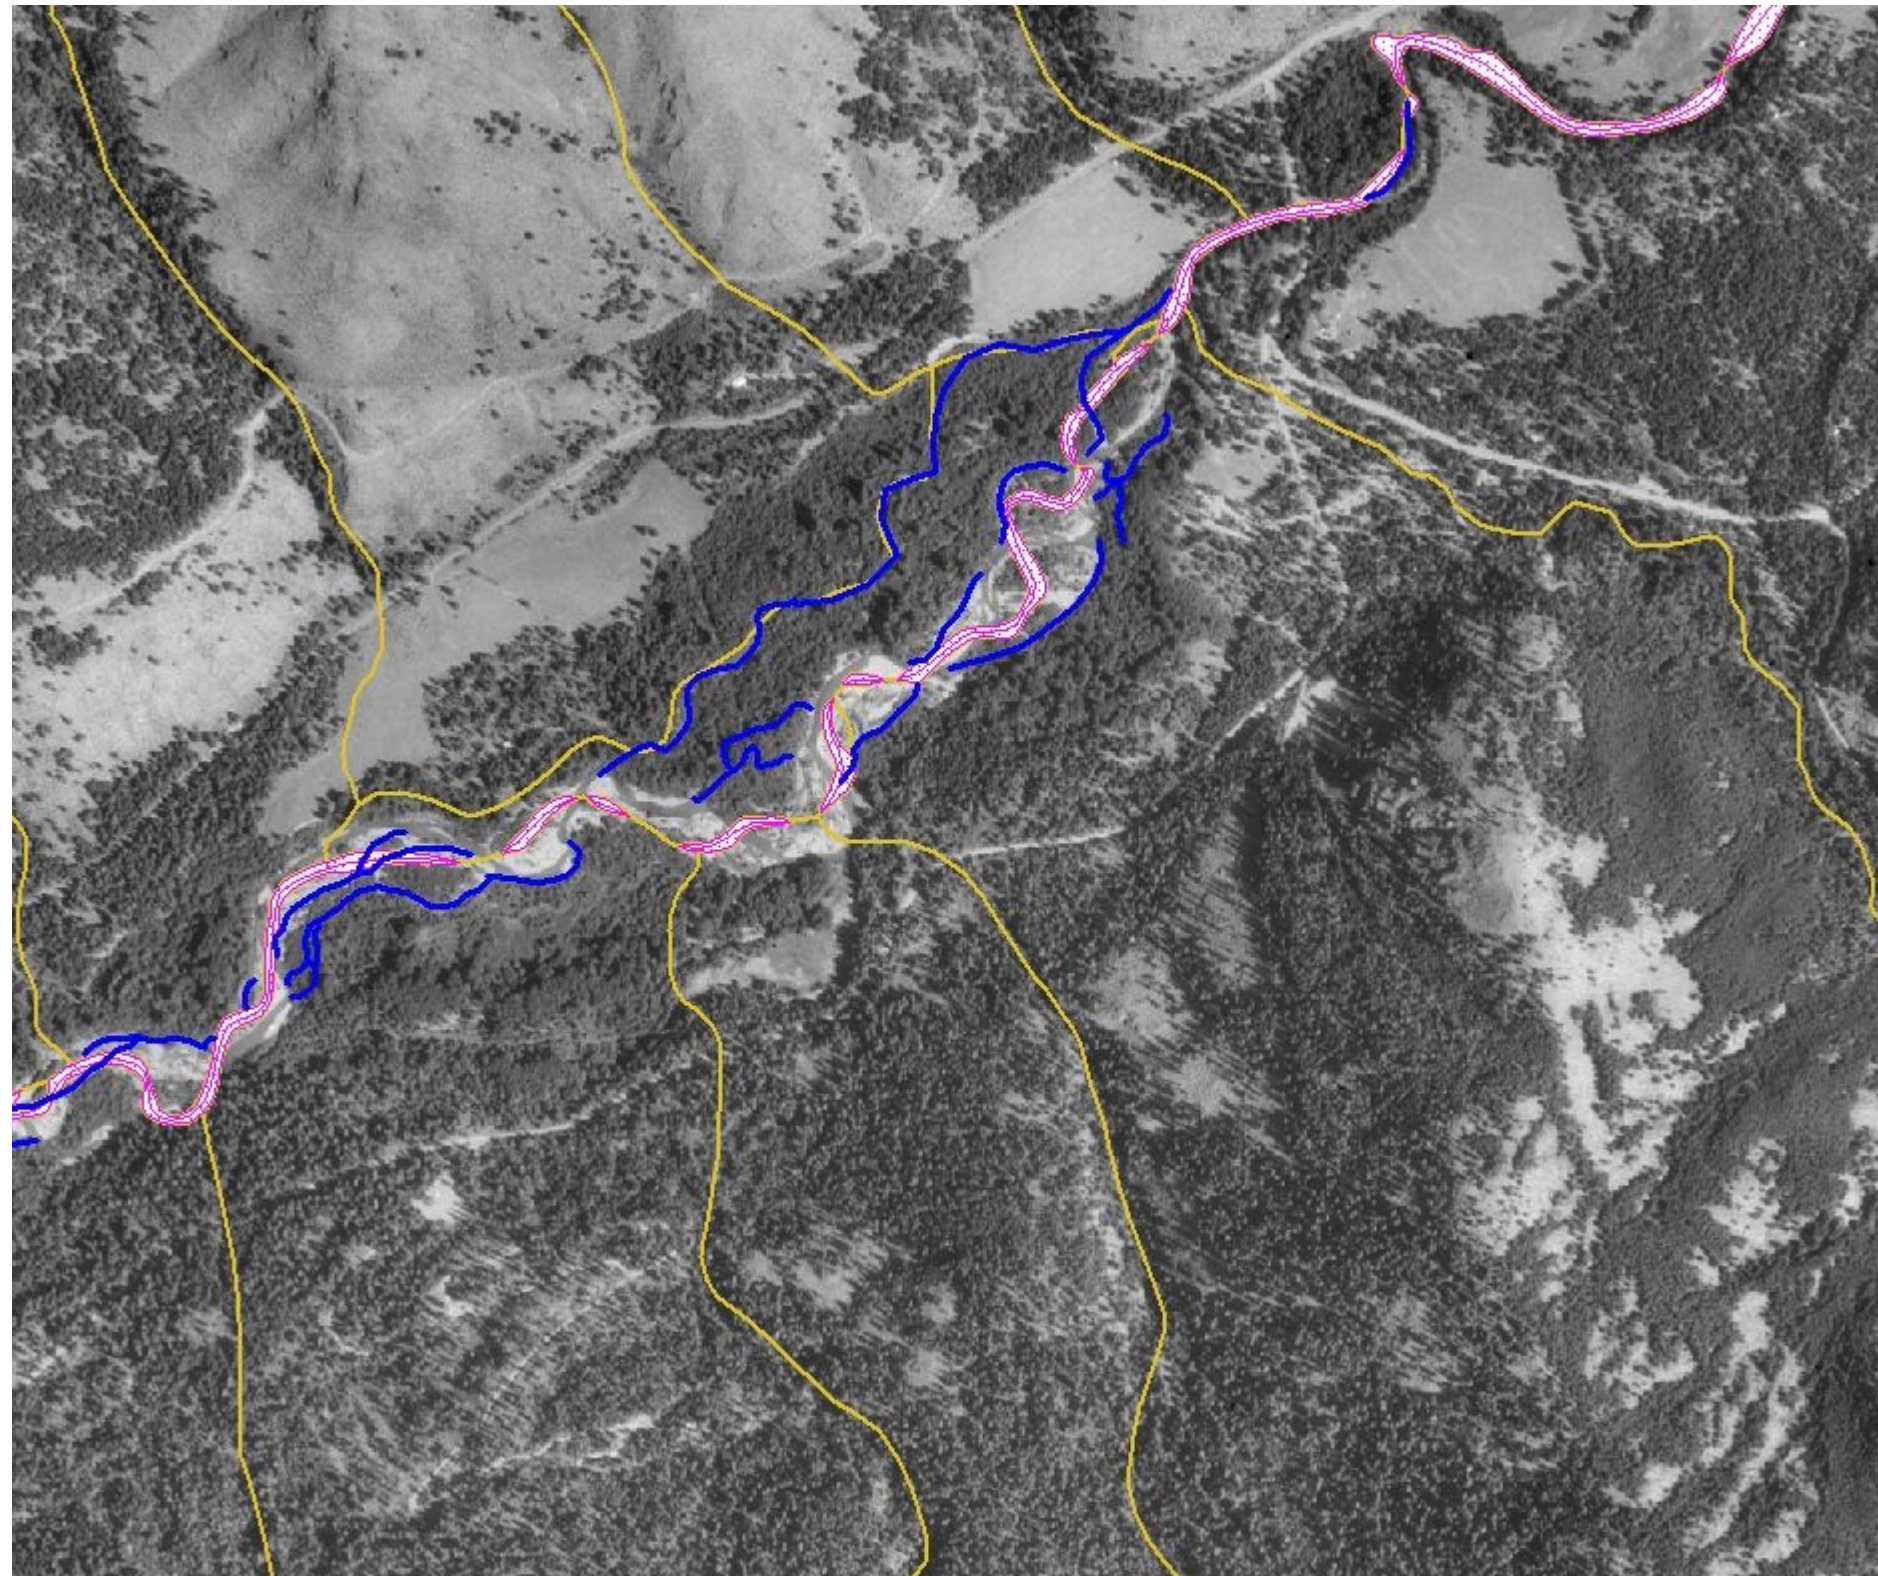

Map Appendix B: Side Channels of the Methow, Chewuch and Twisp Rivers

Map Appendix B: 4 The Methow River from the Vicinity of the Riverbend RV Park Downstream to the Vicinity of the South End of the Town of Twisp & the Twisp River from the Vicinity of Poorman Creek Downstream to the Confluence

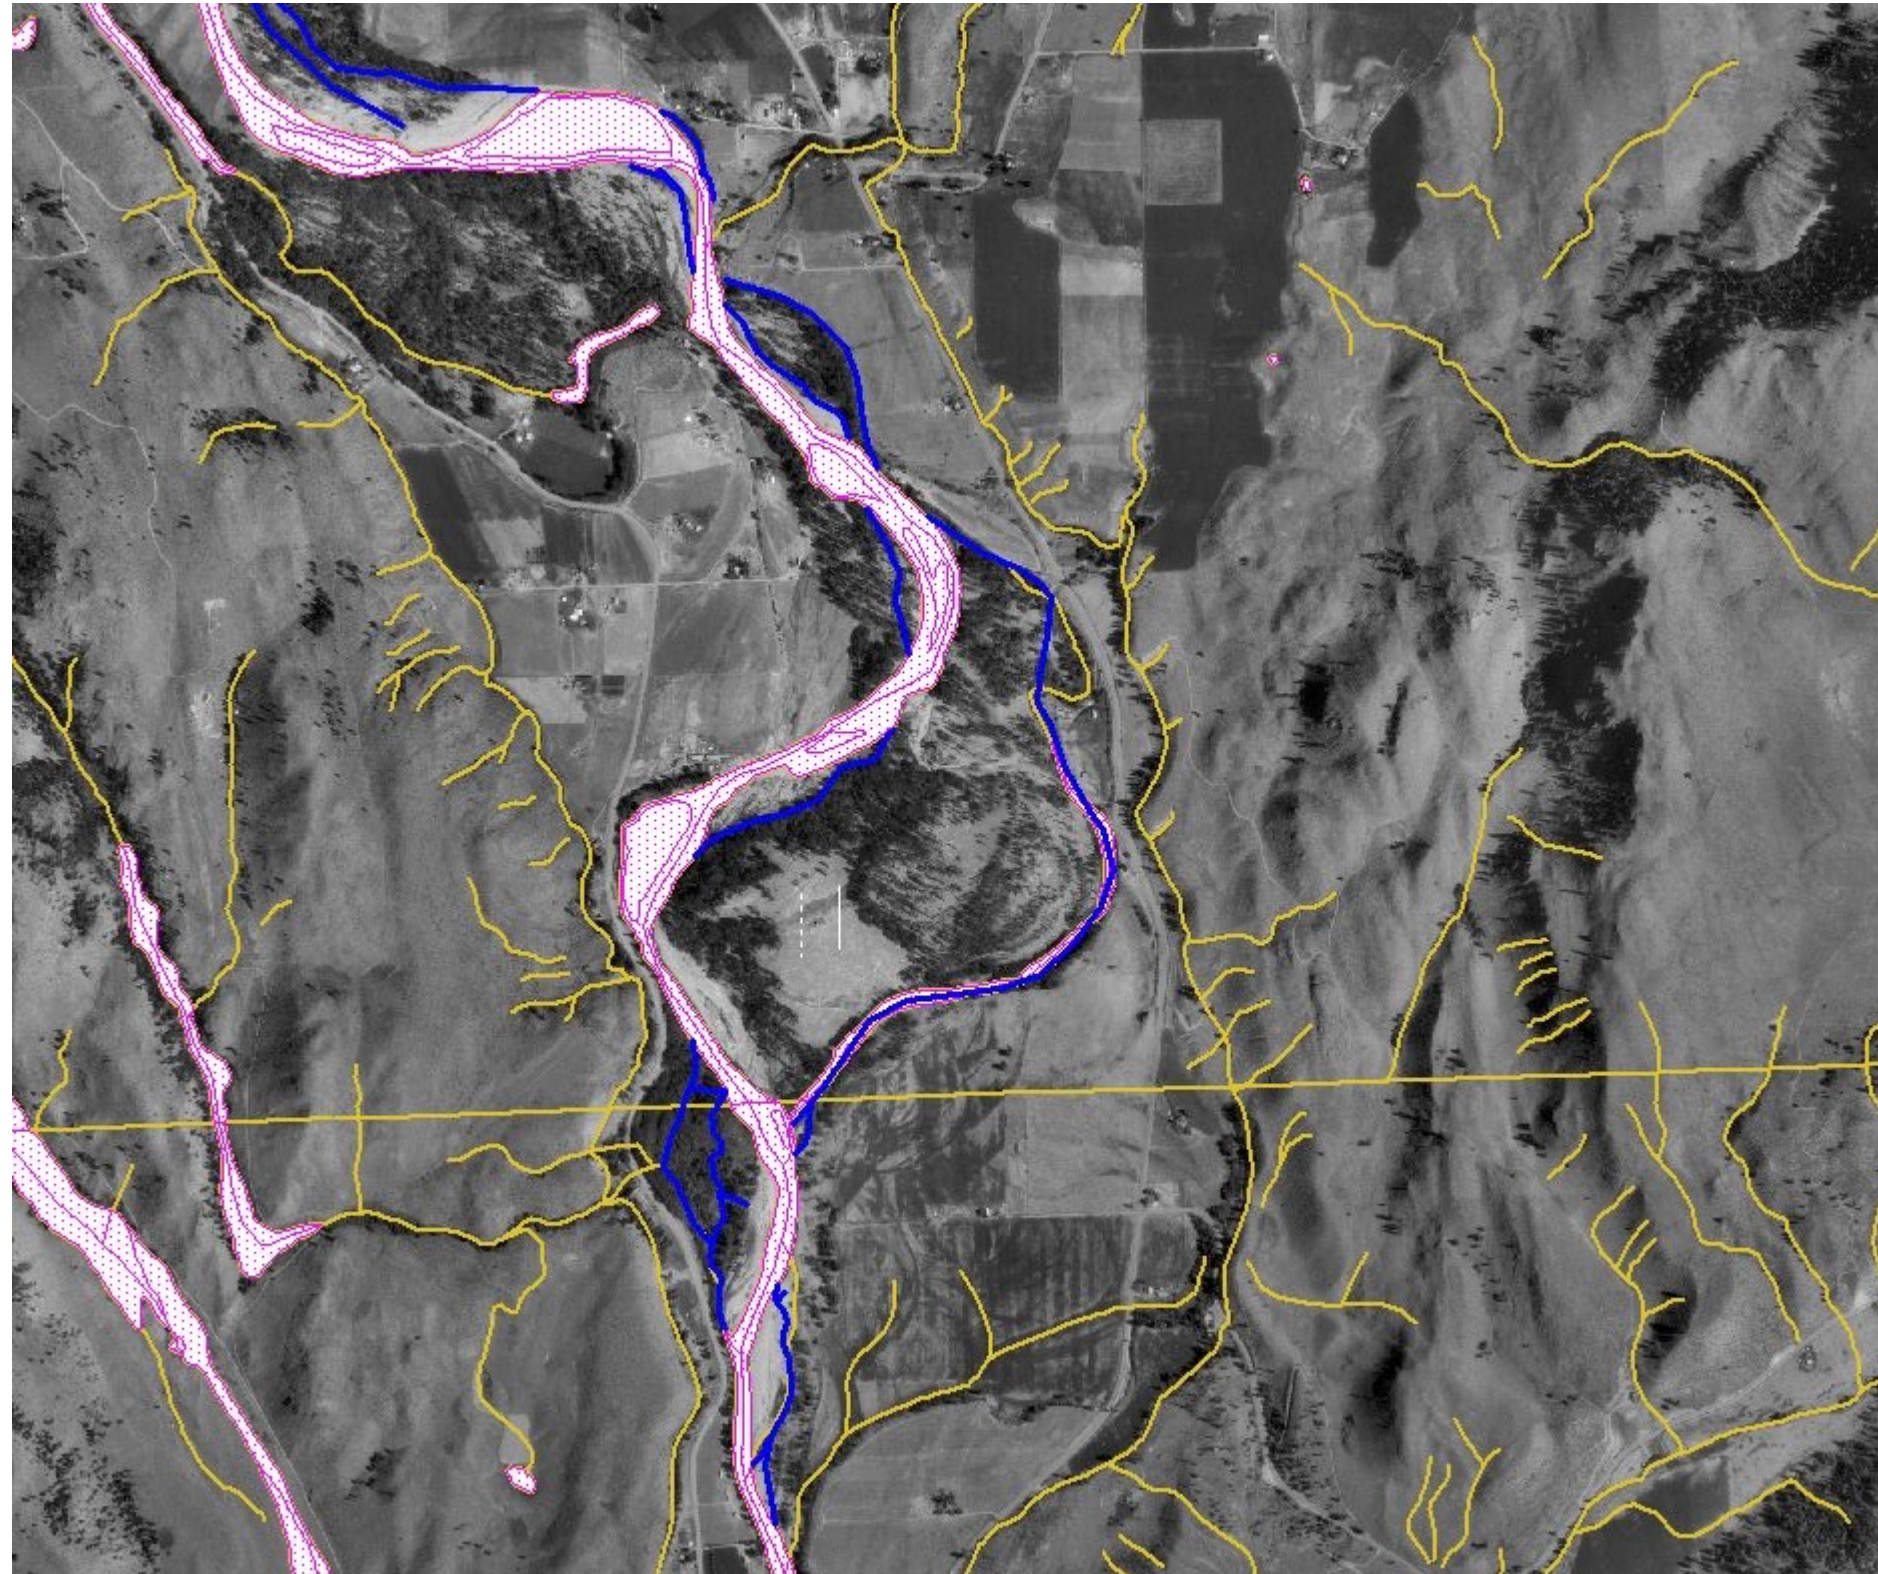

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

Map Appendix B: 5 The Twisp River from the Buttermilk Creek Confluence Upstream to the Vicinity of the Lime Creek Confluence

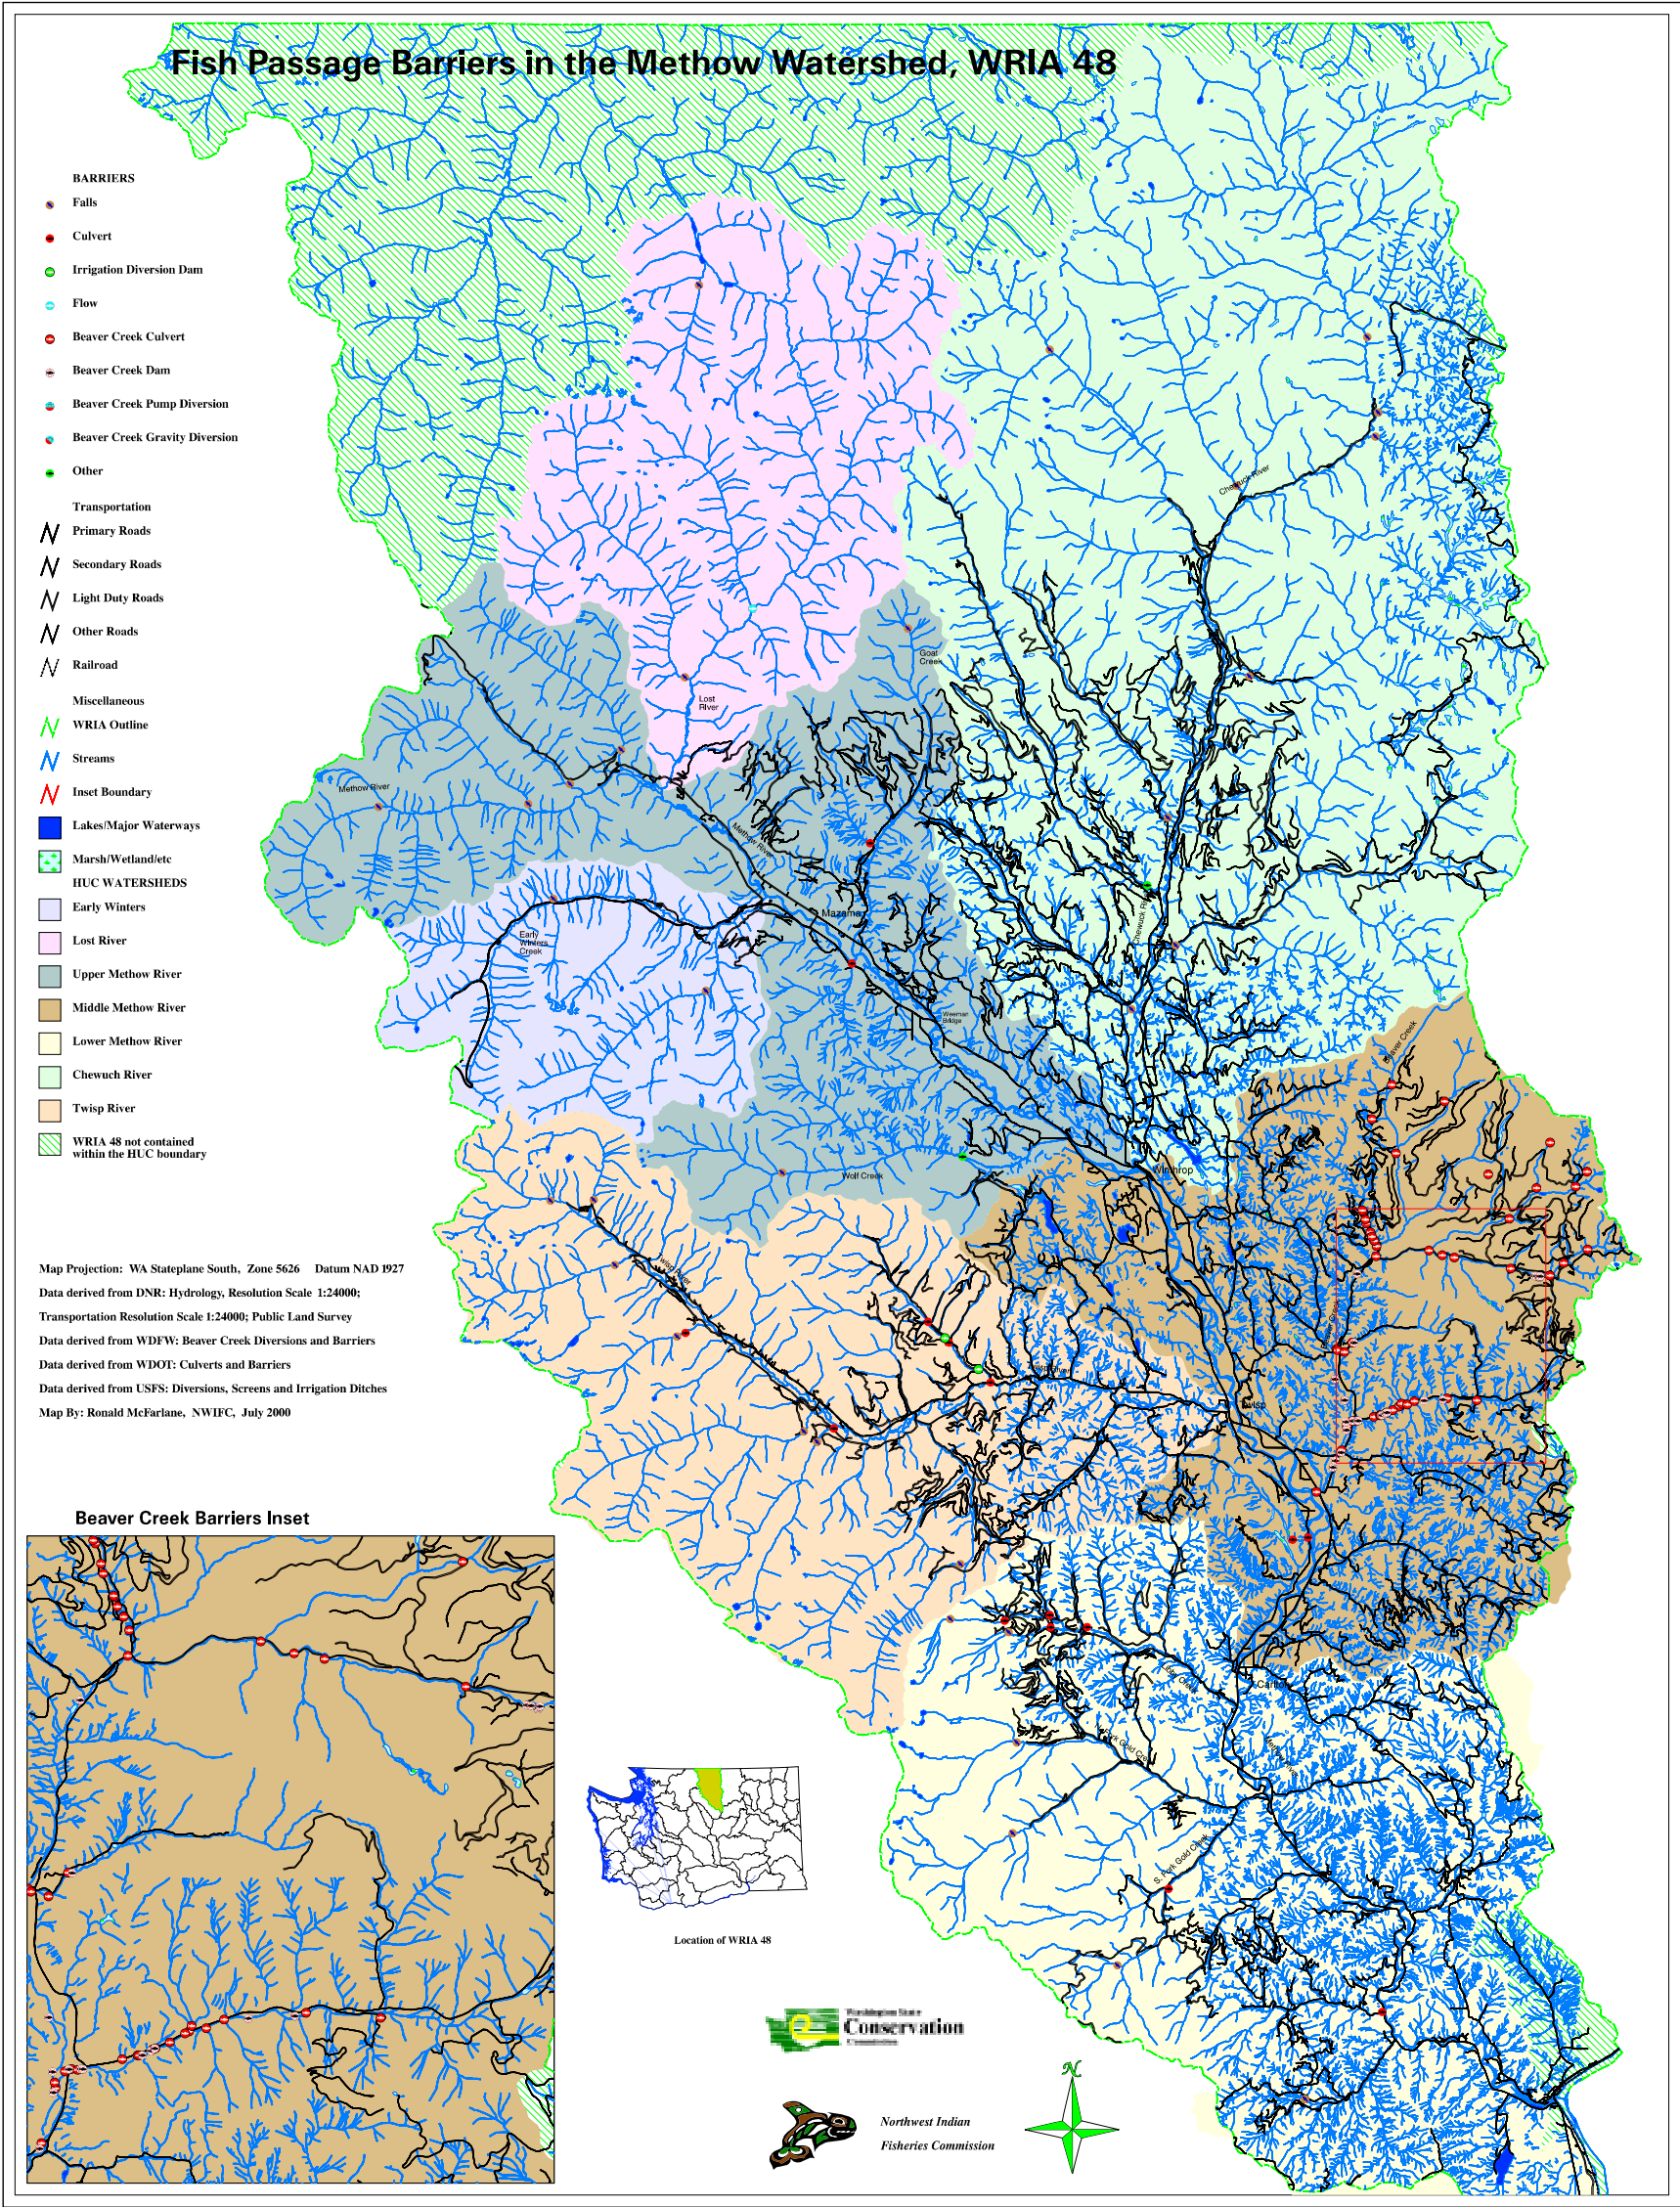

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

Map Appendix B: 6 The Lower Methow River from the Vicinity of Beaver Creek Downstream to Alder Creek

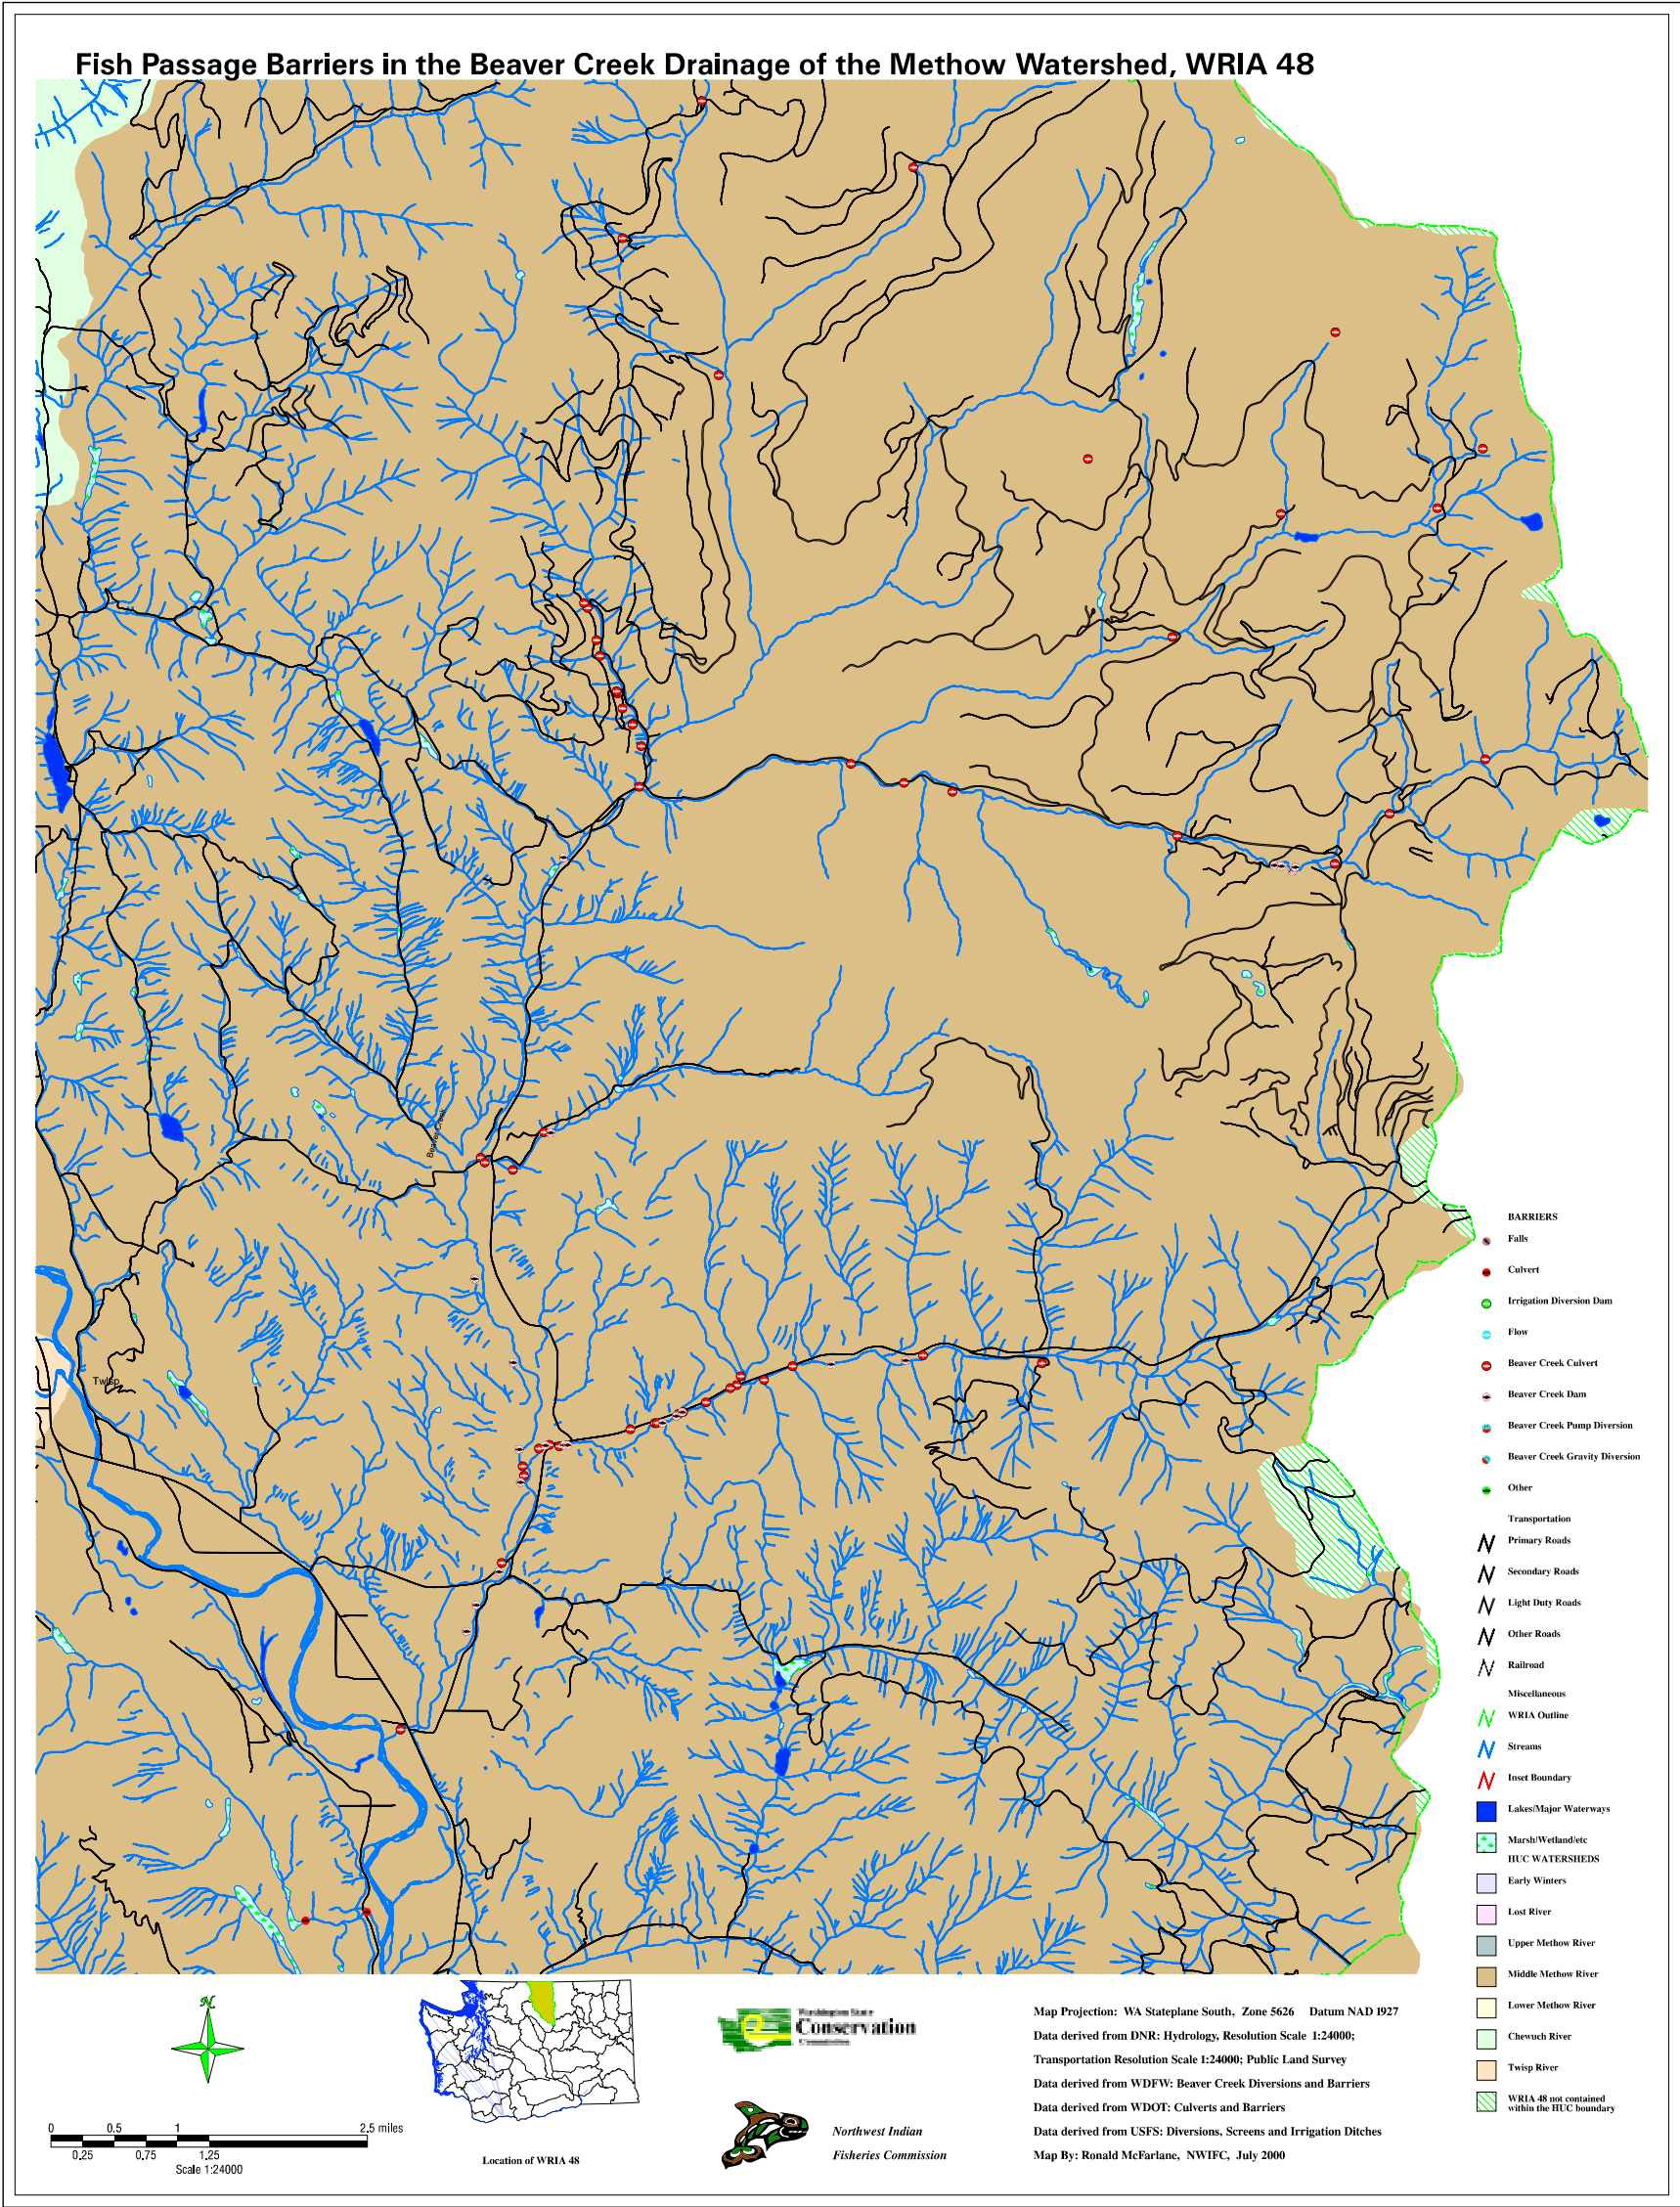

Note: Blue lines indicate side channels mapped by the Pacific Biodiversity Institute (PBI); pink lines are National Wetland Inventory (NWI) data; yellow lines are WA Department of Natural Resources (DNR) hydro layer (except the horizontal yellow lines are section lines).

Map Appendix C: 1 Fish Passage Barriers in the Methow Watershed, WRIA 48

Map Appendix C: 2 Fish Passage Barriers in the Beaver Creek Drainage of the Methow Watershed, WRIA 48

Map Appendix D: 1 Known Irrigation Ditches, Water Diversions and Fish Screens in the Methow Watershed, WRIA 48
